sensational adjective [ sen-sey-shuh-nl ]  
extraordinarily good; conspicuously  
excellent; phenomenal.

Extraordinarily good... that sounds like us. Wayland High School has consistently been a top-ranking school in academics, sports, faculty, and clubs.

It's not to say we have not had a difficult few years...

COVID interfered with many areas of our lives.

2022 was a big transitional year, as we dealt with administrative turnover and changes in our community. Some might say there was a loss of morale...

But **2024** is on track to be a **sensational** one.

Despite big transitions, WHS still rose to the occasion and did their best.

It's just what we do... our students and staff don't stop moving. Our schedules are full, busy, and purposeful. And we juggle it all in an exceptional way.

# SUMMER

## EMBRACE THE JOURNEY, ENJOY THE STROLL.

Anika Frutman '24 glances back at her photographer while on a leisurely stroll through Italy. Anika traveled to Italy with her family and family friends during Summer '23 for three weeks. "Visit the places with real people, not just tourists," Frutman said.

# TIME TO TRAVEL

WHS STUDENTS AND STAFF SHARE DETAILS OF THEIR SENSATIONAL SUMMER TRAVELS AROUND THE GLOBE.

**BACKPACKING THROUGH EUROPE.** History teacher **Tim Glavin** stands in front of the Cathedral of Santiago de Compostela church with his new friends. Glavin traveled to Europe this summer, taking his journey by foot from the French border to northern Spain. "I wanted to challenge myself. Physically, with the walking, mentally, with the challenge of how long I would actually be walking, and socially because I went by myself and I had to go and meet people all on my own and didn't know anyone," said Glavin.

(Photo submitted by: Tim Glavin)

**TRAVELS TO THAILAND.** Kevin Hwang '24 stands in front of the Wat Traimit Buddhist Temple in Bangkok, Thailand. This summer, Hwang traveled to different parts of Asia, from Thailand to South Korea, to Japan, where he enjoyed sightseeing and trying new foods. "I wanted to go to Bangkok because I've [gone] there as a child several times," said Hwang. "My favorite part of the trip was the swimming pool and the food there."

**SERENADING THE SYDNEY OPERA HOUSE.** Pariplavi Sontha '25 poses with her sister in front of the Sydney Opera House where she performed as part of the Honors Performance program for singing. Pari traveled to Sydney, Australia with her family this past summer. "It was cool to get out there and travel, while also being able to sing, because singing is basically my life," said Sontha. She performed in front of a crowd of between 400 and 600 people at the Sydney Opera House. What may seem like a nerve-racking experience for others, came easily to Sontha because of her prior experience in classical singing.

**AN AFRICAN SAFARI.** Lillian Thompson '25 leans against an ancient stone during her safari where she went to see the lions and elephants. Thompson traveled to Kenya, Africa where she was excited to see the animals and meet new people. "My mom saw a pamphlet for a trip to Kenya and we both thought it looked really cool, so I applied and got in and it ended up being one of the best trips of my life," said Thompson.

# THE FINAL COUNT DOWN

**ALL TOGETHER NOW.** The class of 2024 gathered together on September 7, 2023, the third day of school, to take a group photo together on the field. Class officers sent out reminders via email and social media to ensure everyone was present. The day the photo was taken happened to be one of the hottest days of the year, reaching a peak of nearly 97 degrees as seniors gathered together on the field.

The sun may have been hot, but everyone managed to stay composed.

## BACK IN THE SWING OF THINGS

Summer has come to a close and it's time to go back to school. Little time is wasted upon the arrival back for Wayland High School students. It does not take long to get back into the groove of studying, exams, and extracurriculars. "As soon as I get here, I know I will probably be assigned some kind of work right away," said Lopes Almeida. Students activate study habits and routines, and when at school, they are most likely meeting in the library with friends. Developing a system for studying is key to starting off the year right. "[My biggest study tip] is keeping up with the work. You should always do the work right when it's assigned. I find that's the best way to keep up," said Lopes Almeida.

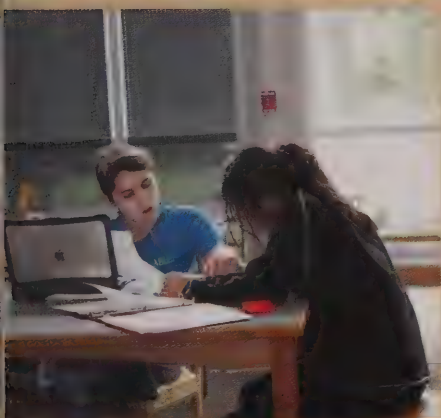

Sophomores **Ashley Maddocks, Benjamin Pyhtila, and Anishka Trehan** cozy up with a book in the outdoor swings located on the patio outside the library.

**MEET ME IN THE SHOP.** Students who participate in drama teacher Aidan O'Hara's courses, or after-school theater company WHSTE can often be found in the drama room, also known as "the shop." (Above) Juniors **Annabelle Roberts**, **Alexander Irwin**, **Isabella Fuentes**, and **Maya Rublev** gather in the shop before their Honors Dramatic Arts class, which meets 5 times per cycle.

**MEET ME IN THE LIBRARY.** Students gather in the library for a multitude of purposes during the school day. (Above left) **Benjamin Dugan '24** and **Joshua Proctor '25** take host at the Genius Bar, where they along with other WHS students assist others with MacBook technology needs. BRANDON JENKINS '24

**FASHIONISTAS.** Jasper Wood '27 puts time into assembling a daily look. "I'll check the weather and then I figure out what color I might want to wear. [I get my inspiration from] my Abuela. She is very stylish."

**Audrey Larson '26** uses fashion to express herself. "To me, I use fashion as a way to make me feel better about myself and to give others a way to view me as a person."

**Sydney Lozano '25** seeks style inspiration from her mom "she is a fashionista," but is not privvy to following trends. "I play with themes in my head. [Today-inset photo] I wanted to look like a disco queen. Sometimes, I want to look like a stylized vampire, because why not. I love playing with characters and translating it to clothes."

**Brandon Jenkins '24** has fun putting together looks. His biggest source of style inspiration is Mom and Dad. Jenkin's current favorite fall trend is Birkenstocks. He relies on shops like Zara and PacSun for everyday basics.

## SENSATIONAL SPOTLIGHT: TEACHERS WITH STYLE

**SARA LANGELIER**, French

"I follow people online who sew their own clothes. That's where I get a lot of ideas."

**AMY O'CONNELL**, Visual Arts

"I love the 90's! That is when I was born, and I love that a lot of the looks are coming back in style. I find inspiration on Pinterest, from style editors, and old ad campaigns."

**ROBIN FITCH**, English

"My inspiration is mostly just noticing patterns in fashion and sparingly referencing some. They can be new colors, differently cut or fitted pieces, adding back a classic (white button down; black penny loafers) or remembering a styling trick from the 80s (!)"

**KAY BASSEN**, History

"My favorite fall 2023 trend would probably be the reinvented penny loafer and kind of just relaxed office wear generally. Like the early 90's vibes are cute. Paired with low profile athletic shoes is a great look."

# SENSATIONAL STAFF

## WE ASKED WHS' NEWEST TEACHERS...

1. Why did you chose to teach in your subject area?
2. What was your first impression of being a teacher at WHS?
3. What is a fun fact about yourself?

**BILL BOBROWSKI**, Science Dept. Head

1. "My dad was both a teacher and a lover of science. He would read books on relativity... for fun! So, I think it was inevitable that I'd be interested in science, so here I am."
2. "Over my career, I've taught just about every class there is to teach in high school science."

**EIMILE BOWDEN**, English

1. "I became an English teacher because I'm passionate about helping students develop their communication skills."
3. "I've participated in a 12 hour dance marathon!"

**TINA CALDERON**, Guidance

1. "I got into school counseling because I love working with young people, getting to know them, learning about their interests and helping them figure out what they want to do in the future."
3. "I was Homecoming Queen at the University of Connecticut (Go UCONN! Go HUSKIES!)"

**ERIC BOSCO**, Journalism

1. "I teach Journalism and English [because] it's really exciting to come to work every day and apply the skills I learned in my journalism career to support a new generation of reporters and students."
3. "The first time I ever boarded an airplane, I jumped out of it (skydiving)."

**MARC LEFEBVRE**, Technology

1. "It combines my love of teaching with my interest in how technology can help us focus more on generating ideas and the application of our learning."
3. "I started learning to play the guitar only 5 years ago. I love to practice and play."

**PHIL GEORGE**, English

1. "Many of the other subjects felt more finite than English, which gives me an infinite opportunity to keep learning about people and their lives."
3. "I love romantic comedies, and my favorite author is Jane Austen."

**SANDY STONEBREAKER**, Math

1. "After I graduated with a certificate to teach elementary school (which I didn't want to do!), I immediately went to graduate school and got my degree in teaching secondary mathematics education."
3. "I can juggle, and I went to Temple with Adam Sandler when I was a kid."

**MARISA FRYDMAN**, Science

2. "Everyone here seems very independent. I was pretty impressed with how students use their free blocks."
3. "My first career was actually working in the music industry in NYC!"

**JOSEPH REGONLINSKI**, Special Ed

1. "I had strong, influential teachers throughout my Wayland career. Also, both my parents are passionate educators so that definitely rubbed off on me."
3. "I'm an avid northeast surf-caster. During the winter months, I love to ski, especially at Stowe."

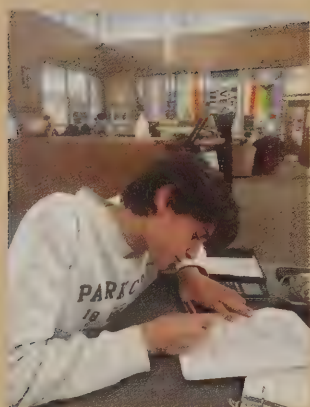

# A DAY IN THE LIFE

WHS students and staff are always on the go. Their days are filled with learning, moving, playing and relaxing. Here is a deep-dive into the daily routines of two vibrant WHS individuals: Student Council Vice President **Giovanni Sebastianelli '24**, and Assistant Principal **Sean Gass**.

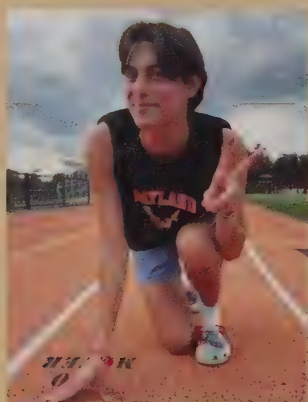

7:00

"Most mornings I make myself an iced coffee because it's a quick pick me up and I love the taste.."

"During my frees I like to do my homework and study in the library to get a head start on all my work."

"I do running sports all year round and it's great because it keeps me in shape and I just love to run."

"My nighttime routine is a crucial part of my day because it gives me time to myself and it's very relaxing."

5:00

"I swim on the way to work. I always stretch before getting into some cold water."

"Midday holding the door."

On October 28th, the senior class hosted their annual Progressive Dinner, where seniors traveled to three different classmates' houses for three meals provided by the senior families. "It was fun! A bit stressful at times, but [my family] got everything together," said **Davis Gruber '24**, whose family hosted appetizers.

# SENSATIONAL STUDIES

**THESE CORE COURSES, THE BACKBONE OF OUR EDUCATION AT WHS, HAVE TRANSCENDED THE MUNDANE, AND BECOME MEMORABLE, THANKS TO THESE AMAZING EDUCATORS.**

These teachers and courses were voted in by WHS students. From the equations of Math, to the literary wonders of English, each class is a testament to the Sensational 24/7 experience we have all shared.

"History is so much fun. Ms. Winokur is very nice and funny." - Aine Chase '27

**LIVING HISTORY.** Winokur leads her students in College U.S. History II as they learn about American Imperialism.  
(Photo by: Eva Smith '26).

## HISTORY - LAINE WINOKUR

**What inspired you to pursue teaching your subject area?**

"The amazing History teachers I had when I was a student at WHS inspired me to become a History teacher. I had Mr. Chase, Mr. Gavron, Mr. Delaney (who retired in 2021), and Mrs. Lehmann. When I was learning how to be a History teacher I often thought of the way that they taught and engaged their classes. I feel really lucky that I get to keep learning from them now as their colleague."

**What is your favorite topic to teach in class?**

"For U.S. History I love teaching the world wars, but I especially love to focus on the impacts those wars had on the homefront. War is a terrible thing but it also led to a lot of social changes and civil rights. For World History I think one of my favorite topics is the Russian Revolution Simulation. My concentration in college was in Russian History and Russian/Soviet relations with the United States so that's always a favorite."

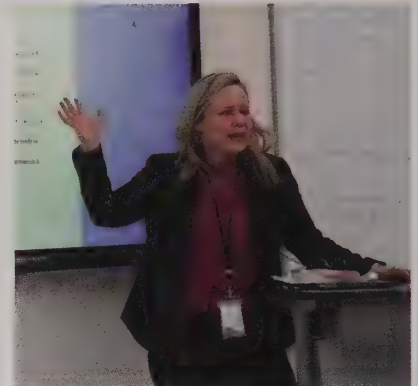

## ENGLISH - NANCY FLOREZ

**What inspired you to pursue teaching your subject area?**

"English has always been my favorite subject, and I was fortunate to have many wonderful, inspiring English teachers in middle school and high school. Additionally, I've always loved reading & writing. I grew up a block away from our town's public library & it became my second home. I'd ride my bike there every day, and borrow/ read a book a day."

**How do you keep your students engaged?**

"I try to keep students engaged by creating opportunities for student choice & voice whenever possible. I assume noble intent and believe that my students are eager to learn & grow. I'm willing to be vulnerable in front of my students, and that, in turn, encourages them to be open, candid & willing to take intellectual risks. I try to stay positive, affirmative, and curious every day!"

**LITERARY GUIDANCE.** Florez gives instruction and tasks to her English I classes.

"Ms. Florez inspires me to be a kinder person who cares for others." - Benjamin Oleson '27

## BIOLOGY - MS. YORK

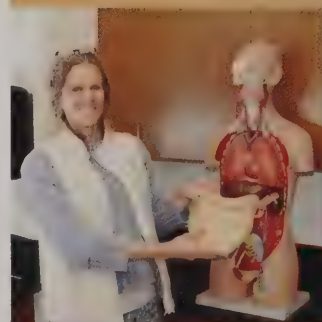

**What inspired you to pursue teaching your subject area?**

"I have always loved learning about the physical world. I am an avid hiker and animal lover, and this kindled my love of biology."

**How do you keep your students engaged?**

"When I was a student, I often grew very frustrated whenever I took a course that was poorly taught, so I try to think about how kids learn, and devise ways to engage them and get the hard concepts to stick. It's always a challenge as you have to be thinking about how a whole classroom of diverse students might be approaching a concept. I try to do hands-on learning when it makes sense."

"[In] Biology the materials and labs are very interesting. Ms. York seems very passionate about what she does." - Anya Bayazitov '27

## MATH - JACY ANZALONE

### What is your favorite topic to teach in class?

"I really enjoy teaching trig identities in my College Precalculus class. It is one of the harder topics we cover and involves a combination of different skills. Students often struggle at first but get excited when they actually figure out what works."

### How do you keep your students engaged?

"I try to keep my students engaged by asking them questions that lead to deeper thinking on the subjects and by creating an environment where students feel safe to ask questions, try things and make mistakes."

## SPANISH - ALAINA GHETTI

### What inspired you to pursue teaching your subject area?

"When I was a student, Spanish was always my favorite class. While other students might find a mental escape from books or games, language has always been a new way for me to see the world."

### What is your favorite topic to teach in class?

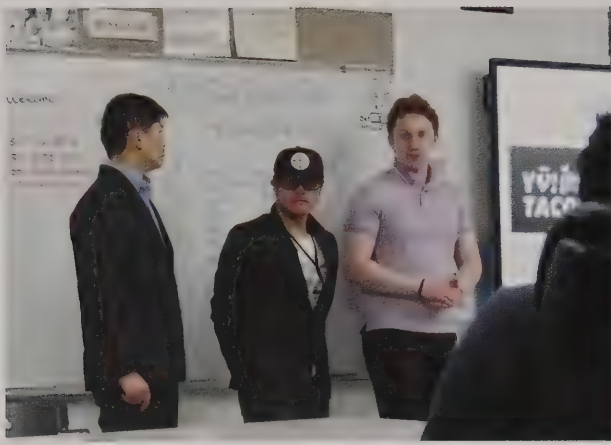

"I love diving into cultural perspectives. There are so many ways to understand the basics of our lives - food, family, friends, learning... When we understand that others live in very different and very beautiful ways, we grow as people."

"I can always have fun in front of Ms. Ghetti and am never afraid to make mistakes, she will always help me. Not only has Ms. Ghetti taught me Spanish, but she has taught me how to be a nice person."

- Isaac Hannah '27

## ENTREPRENEURSHIP AND BUSINESS MANAGEMENT (EBM).

Teacher: **Fred Lehmann.**

EBM is a full year elective, open to grades 11-12, that encourages students to create and run their own business, focusing on real-world problem solving. (Above) Seniors **Samuel Brooks** (pictured) and **John Kerrigan** are the co-founders of WayBar, a custom energy bar that focuses on clean ingredients. **Hai Tran '24** (Quality Engineer, pictured), **Hedaia Elelimy '24** (COO), **Keira Savard '25** (CFO), and **Aidan Mui '25** (Graphic Designer, pictured) also worked with Brooks and Kerrigan on the project. In an interview with Brooks he explained that it's a healthier protein bar option. "We're throwing away all those normal ideas of fake sugars. We are trying to make everything real," said Brooks. (Photos by: Ori Kohl '26 and Aubrey Calabro '26)

### WayWallets

### FRED LEHMANN, Business

Lehmann has been running the EBM course for almost 8 years. In that span, there have been 46 business teams who have made approximately \$15,000 in profit directed toward charitable organizations of their choosing. "Some of the product ideas are exciting, but it's much more about what they do with the ideas, seeing how they come together as a team to work through challenges, build their brand identities, and achieve moments of success," said Lehmann.

(Above) An Urban Agricultural Project by **Maria Clara Santos '26** and **Alexandra Sinrich '26**. "My favorite part of the arduino project was the coding because it really tested my patience and showed how much effort goes into making a program work. I also love innovation because unlike any of my other classes this year, I get to have a more hands on and engaging learning experience that gives me the opportunity to explore possible future passions," said Sinrich.

# ELECTIVE EXTRAVAGANZA

**STUDENTS AT WAYLAND HIGH SCHOOL HAVE THE UNIQUE EXPERIENCE OF BEING OFFERED A WIDE VARIETY OF ELECTIVES TO FILL THEIR SCHEDULE.** While a Fine Art elective is required, students are given a choice between music, drama, and visual arts. Nearly every department has an array of electives for students to choose. There really is something for everyone. Here we spotlight 3 of WHS' popular elective choices.

"To any student I would say that if you wanted an elective that challenges you to think outside the box and love doing hands on stuff then this course might just be built for you. Capstone and the Innovation and design courses make you think of ways to solve problems that are outside the box and sometimes they work and other times they fail catastrophically but nonetheless it's all fun from the screw ups to the successes."

**Ryan Ding '24**

## ELECTIVE OVERACHIEVERS.

Seniors **Emmanuel Nzaramba** and **Emma Li** are accustomed to filling their schedule with electives. Both are avidly involved in music, theater and art, as well as other electives and clubs. "It's usually fairly easy to manage most of the electives at the school because a lot of the time the teachers do a good job at scheduling and spreading [it] out so that kids aren't overwhelmed," said Nzaramba.

Li said, "I have taken Honors Wind Ensemble, Full Orchestra Sectional, Drawing, Honors Art 3, AP (Advance Placement) Studio Art, and Honors Social Science. I'm able to manage my time with my electives because I'm interested in all of the electives I'm taking. I love music and art, and I'm also interested in psychology. For me, I'd rather spend the time at school taking these classes because I tend to get distracted during frees anyway. I end up doing most of my homework after school. I don't feel like I'm losing any time by taking these worthwhile electives."

"The self portraits we are doing right now [are] a really cool way to show your ability in art and it also combines everything we've done in class all in one project," said Greenaway.

The course is open to grades 9-12, and gives students an introduction to a variety of art mediums, such as basic contour drawing, painting, printmaking, sculpture and collage. (Above) **Francesca Zilembo '27** works carefully to add value to her gridded self-portrait project.

## WHS HOSTS ITS ANNUAL CLUB FAIR IN THE FIELD HOUSE ON SEPTEMBER 21, 2023.

Here students can explore different clubs and sign up to become members. Student leaders set up their own booth with information about their club and equipment to encourage participation. This year, over 60 clubs were present for students to choose from. One of them being the Genius Bar. (Above) Student leader **Elena Mente '24** chats with a student about the club. "We got 50 people to sign up [that day]. Our club increased by about 10 members. We meet every Wednesday before school just to kind of debrief before the week. During our free periods we go to work the genius bar."

**GAME. SET. MATCH.** Club leader Ayush Kumar '24 contemplates his next move in his chess match against Jared Kerrigan '26. The Chess club strives to create a welcoming environment for all students and faculty to play chess during lunch periods. Members enjoy competing and learning about the game as well as making new friendships. "No matter whether you're a complete beginner or much more advanced, every chess game has a lesson in it," shares Kumar. "And the more you play, the better you get!"

# HITTING THE RIGHT NOTES

**A CAPELLA IS A STUDENT-RUN CLUB THAT CREATES MUSIC EXCLUSIVELY USING VOCALS.**

Members enjoy making music together and building friendships and community on and off the stage. "For all groups, performing at the [spring] college A Cappella CAPA concert is always an honor as it showcases the music that we've perfected over the season to college groups," said **Sierra Dale '24**.

## We Asked 3 A Capella Singers...

**What is your favorite song you have performed as a group?**

"'Can't Help Falling in Love' by Elvis Presley was my favorite to perform because there were so many pretty harmonies we put together, and the dynamics brought a lot of dimension to the song."

**- CLARA SIN '24**

"A favorite song that the T-Tones have performed so far would probably be 'Ho Hey' by The Lumineers. The song brought enthusiasm even when we ran through it during rehearsals, and it shined its uniqueness through our soloist for the song, Cesar Campos-Belussi."

**- ELLIOT XU '25**

"We did three songs for our last concert and I think everyone would say that 'Wings' by Little Mix is a favorite! Last year we did 'Set Fire to the Rain' which I also really enjoyed!"

**- KANMANI SEKHAR '25**

**PUTTING ON A SHOW.** Twice a year, Wayland High School's three A Capella groups, The Muses, Madrigals and T-Tones, put on a concert for the Wayland community. The fall performance is a time for the Wayland groups to shine, while in the spring, they combine with local college A Capella groups. (Top) Muses officer **Finley Knapp '25** stands in front of her group for a solo during their performance of "Classic" by MKTO. Knapp has been a member of the Muses since Grade 9. "A Capella has given me some great friends and some of my favorite memories over the past 3 years." (Right) **Wyeth Heilman '27** kicks off his first year as a member of the Madrigals,

**STORY SPOTLIGHT: Breaking News:**  
**Fire breaks out at International Auto Body Shop.** On Tuesday, Oct. 3, Wayland's International Auto Body shop caught on fire, and WSPN was actively reporting. WSPN was the first local news source to report on this story.

# WAYLAND STUDENT PRESS NETWORK

The clicking of the keyboards, a constant hum of chatter, and a multitude of pressing discussions... these are the typical sights and sounds found in B225, Wayland High School's Journalism room and home to WSPN, the Wayland Student Press Network. WSPN is an online student news publication that strives to cover all aspects of student and community life in an unbiased way. WSPN is 17 years old, and has won a multitude of awards under the leadership of recent retirees, Mary Barber and Brian Keaney. WSPN welcomed new teachers and advisors this year, History teacher Sarah Lee, and English teacher Eric Bosco. Both Lee and Bosco bring a young and fresh spirit to the publication, and have high hopes for it's future. Lee graduated from WHS in 2012, and worked on WSPN during her

junior-senior years, so being back to advise WSPN is a full circle moment. "It's been so amazing to see the publication grow to where it is today. Student voice is so important to our community," said Lee. Ultimately, it is the student editors who lead the class and publication. From first year reporters, to copy editors, to the Editors-in-Chief (EIC), WSPN is completely student run. This year, there is a total of 45 students in the journalism elective, making it the biggest class at WHS this school year. Co-Editors-in-Chief **Talia Macchi '24** and **Nadya Chase '24**, along with Staff Managing editor **Katya Luzarraga '24** and Business Managing Editor **Aimee Smith '24** make all decisions about the publication.

## GET TO KNOW THE EDITORS-IN-CHIEF:

"Journalism has always been my favorite class. WSPN's community is so close and it is what I will miss most about high school."

- **NADYA CHASE '24**

"WSPN has taught me countless lessons that I will carry with me throughout the rest of my life. I am so grateful for all the people and experiences WSPN has brought me."

- **TALIA MACCHI '24**

**LIVE FROM THE NEWSROOM.** (Top) WSPN's **Abigail Raftery '24**, **Makenzie Macchi '26**, **Talia Macchi '24**, **Nadya Chase '24**, and **Katya Luzarraga '24** gather to discuss content. (Middle) WSPN staff **Jeffery Zhang '26** and **Selena Liu '24** work on a spread together. (Above) On Dec. 22, 2023, the last day of classes before winter break, WSPN held a holiday celebration and gift exchange. WSPN values class bonding and teamwork, and communication is vital in a newsroom. "I think class bonding is important in journalism class because it helps create connections that allow for a better work-flow and class community," said WSPN Podcast Editor **Abigail Raftery '24**.

#### HUGS ALL AROUND.

(Above) **Cara Hill** and **Kiera Hines** hug in the line for the photo booth. "The photo booth was one of my favorite parts of the night, it gave me a chance to get photos with my friends I can always have," said Hines.

**THE CLASS OF 2026 JOINED TOGETHER ON SATURDAY OCTOBER 14, 2023 AT WEDGEWOOD PINES COUNTRY CLUB IN STOW, MA TO CELEBRATE A NIGHT TOGETHER.**

The class raised money from various fundraisers such as a car wash and flannel pants, with the leadership of class officers **Ben Hammond**, **Audrey Larson**, **Jeffery Zhang**, **Miriam Qureshi**, and **Noah Goldstein**.

"It was so fun spending time with all of my friends. It definitely brought our grade together," said **Mackenzie Morris**.

"The music was good, and it was a fun experience to be able to dance with friends," said Walsh. (Below Right) Ben Hammond and Leo Ciccarelli smile for the camera.

### BREAKING IT DOWN.

Rejoice Ejims and Zuriya Lopes are captured dancing to the music. The dark room and loud music blasting through Wedgewood Pines created the perfect atmosphere for dancing. Music was provided by Wayland High School's own John Berry (Wellness) and Jeffrey Blue (Special Ed), pictured left.

### DANCE THE NIGHT AWAY.

(Above) The Class of 2026 join together in a dance circle. "I had lots of fun, and enjoyed the fun socks provided for the dancing," said Danica Doyle.

### TIME WITH FRIENDS.

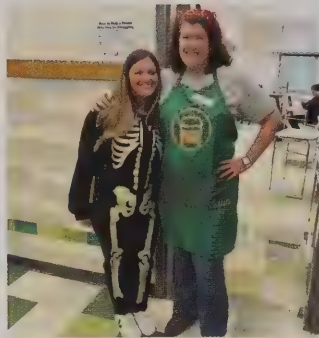

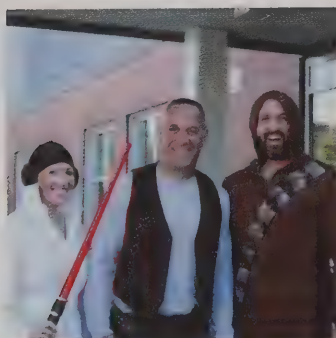

(Top) Monica Botros and Miriam Qureshi pose together sitting at their dinner table. "It was a really fun [night]. My friends and I got to sing and dance. We were in our own world and no one else mattered," said Botros.

## AUTUMN ACTIVITIES

## LIGHTS, CAMERA, ACTION!

SpongeBob uses projected sets on a suspended backdrop to create Bikini Bottom. Ranging from The Krusty Krab to Mt. Humongous, animated backdrops helped to truly immerse the audience into the world of the show. "Working with [projections] was a really big challenge throughout the whole project. But, I think that the projections added a nice charm to the show that we wouldn't have been able to achieve with a physical set," said **Annabelle Roberts '25**, (below as Karen the Computer, standing with **Wyeth Heilman '27** as Plankton).

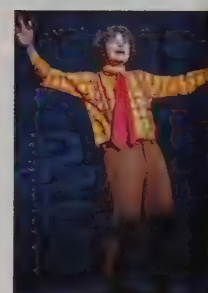

**BEST DAY EVER!** The cast poses at the end of the opening number. "I've loved seeing my amazing friends take on the hilarious and iconic roles," said **Amelia Furlong '24**, who plays Sandy Cheeks.

# THE SPONGEBOB MUSICAL

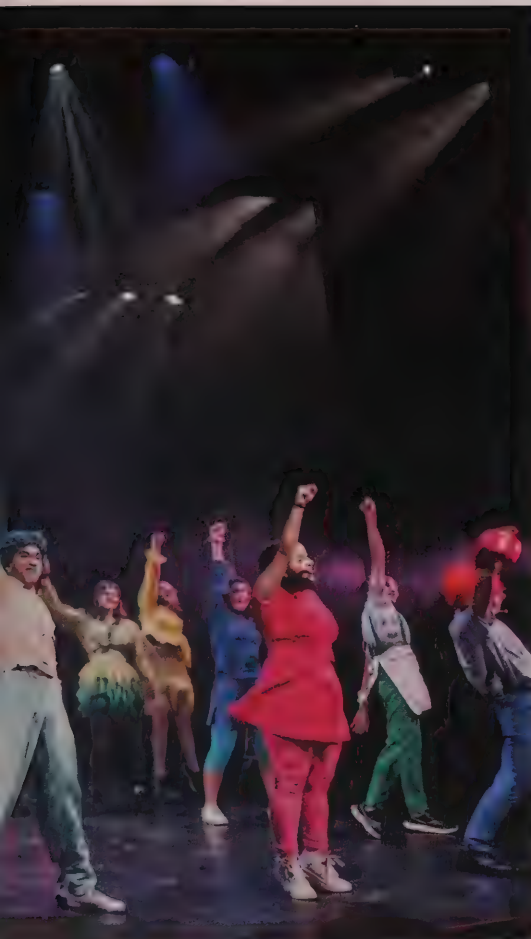

**ARE YA READY KIDS?** This fall, The Wayland High School Theater Ensemble performed "Spongebob The Musical," an energetic rendition of the classic Nickelodeon cartoon series. Starting with September auditions, the musical rapidly continued through the fall with daily three hour rehearsals after school and occasionally on weekends. Once the last week and a half of rehearsals known as Tech Week arrived, the energy doubled, with a grueling 12 hour tech and late night rehearsals. The massive commitment paid off, culminating in three electrifying performances on

November 16th, 17th, and 18th.

The energy during performances was high and the music was unforgettable as the cast told a story about community, acceptance, and believing in each other. "I think what makes Spongebob special is that I think most audience members go into it thinking it's going to be one thing, like a wacky, silly, maybe even crude cartoon. What it is, in addition to that, is a really heartfelt story with a lot of depth to it," said director Mr. Aidan O'Hara.

## MONEY, MONEY, MONEY!

Theodore Markarian '24, as Mr. Krabs, holds up bags of money during the song "Daddy Knows Best." "[I'm] probably [proudest of] the set and the dedication around it!" said Markarian.

**ALL HANDS ON DECK!** (Below right) Fiona Wang '25, as Patchy the Pirate dances with a pirate crew consisting of: (from left to right) Mr. John Berry, Ms. Linda Frank, Ms. Carolyn Crary, Mr. John Richmond, Ms. Nancy Florez, Dr. Allyson Mizoguchi, and Ms. Laura Cole. "I am grateful Mr. O'Hara invited the faculty to be part of this year's show," said Crary, who played one of the pirates.

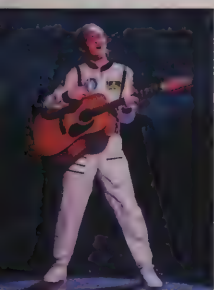

**SQUIDWARD'S ACT.** (Below left) Alexander Irwin '25 wows in a tap performance of "I'm Not A Loser."

WJB

**WE'RE OFF TO SEE THE WIZARD!** Wayland Junior Broadway launched into its second year at WHS, this year performing **The Wizard of Oz Jr.** Staff members spent 2-4 hours every Wednesday teaching and directing the cast in everything from choreography to acting, culminating in two fully teched and costumed performances in late January, directed by Benjamin Mohnkern '24, Isabella Fuentes '25, and Amelia Furlong '24. "My favorite part of WJB is the connections and memories we, as a community, make together," said Mohnkern. "The intergenerational bonds we form through the rehearsal process strengthen not just us, but Wayland as a whole."

**DREAM TEAM.** (Clockwise from top left) Seniors Benjamin Mohnkern, Amelia Furlong, Theodore Markarian (top right above), Luisa Comettant, Emmanuel Nzaramba, and Bethany Foreman shine in their final musical roles at WHS.

## WHAT IS YOUR OFFSTAGE ROLE?

### LULA DUNKELBERG '25

"So my offstage role is the Production Stage Manager, which means that I keep track of all the props, all the sets, all the costumes, all the wigs, etcetera, etcetera."

### WILSON HARDING '24

"I'm one of two run crew members, stage right. I help set props before performances, organize props during performances, and try to make sure everything goes smoothly."

## WHAT WAS THE FUNNIEST PART OF REHEARSALS?

### LOUI TAKAHASHI '26

"There's definitely constantly chaos and us running into each other and just... jokes, offhand - that do not need to be said - constantly."

### EMILY GRABILL '27

"I think whenever Lee, our music director, would tell, like, a Broadway joke or something and it would just be awkward silence, and it was really funny because we'd all laugh at the silence."

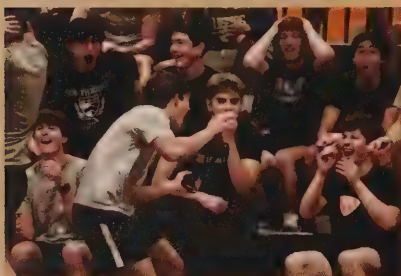

# WE'VE GOT THAT SPIRIT

## STUDENTS PARTICIPATE IN THE SADD DODGEBALL TOURNAMENT

**MAKING PLAYS.** Nathaniel Kilmon '24 and William Midgley '24 take a breather before getting back into the game. Kilmon and Midgley were part of the event-winning team.

## LET'S GO GIRLS.

The Weston girls Powderpuff team attempts to tackle Sophie Roman '24, who charges ahead with the football. Wayland Powderpuff lost to Weston with a final score of 16-0. The team spent several weeks practicing with the help of senior coaches who were on the varsity football team.

## WAYLAND HIGH SCHOOL KICKS UP THE SPIRIT THE WEEK BEFORE

**THANKSGIVING BREAK.** As is tradition at Wayland High School, Student Council organizes an eventful spirit week leading up to the Thanksgiving holiday. This year, the week was kicked off with the fall musical production of "The SpongeBob Musical," on November 16-18. SADD hosted a dodgeball tournament on Saturday, November 18. Tuesday, November 21, students gathered for Color Blast- an opportunity to decorate a hallway with respective class colors. Tuesday evening, students gathered for a Spikeball tournament in the field house. Wednesday, all students rallied together for spirit day - a day filled with games, and activities with advisories, culminating in a pep rally for the whole school in the field house.

## GAME TIME

**TURKEY DAY WIN.** (Left) Braylen Jenkins '26 holds up a thumbs up during the Thanksgiving football game against Weston. The team won with a final score of 49-18. Many alumni, students and families came to support the team.

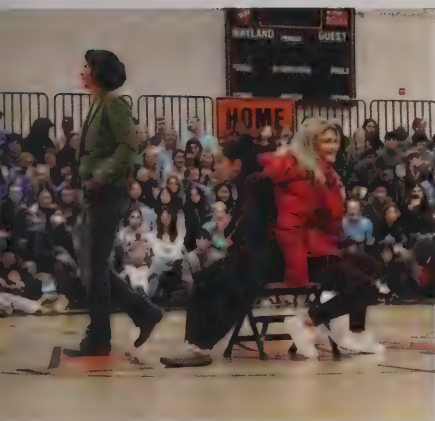

## COLOR BLAST

Mariam Gayed '24 lends a hand by painting signage for her senior class hallway. The senior class came in first place in the color blast competition.

The freshmen class of 2027 came in second place in the color blast voting. Their color was green and chose a theme of "Where the Wild Things Are."

# LET'S GET PSYCHED

## FALL PSYCH TIME LINE:

All **white** was worn in Hopkinton for the first football game of the season.

Then, for the first home game of the season against Ashland, the fans dressed in a classic **black-out**.

Following the first win of the season for the football team, fans packed the fields of Concord-Carlisle for the annual Kicks for Cancer ("KFC") soccer game in **all pink**.

The Warriors hit the road again for a big win against Acton-Boxborough. Some of the most devoted football fans came to support the team in **camouflage** attire.

On a rainy evening at the end of September, the fans dressed in **orange and teal** to honor Eliza Norton at a victorious home football game against Boston Latin.

A week later, Wayland and Lincoln-Sudbury honored Lauren Astley Dunne by **wearing purple**.

Yeehaw! In a close win for the football team on Waltham's turf, the fans wore **cowboy clothing**.

Back to the home field for senior night against Bedford, the fans went all out in **red, white and blue**.

Finally, on a chilly November night, the fans came to support the Warriors, bringing an electric energy, wearing **neon-colored clothing**.

# TIME FOR A COMEBACK

This isn't head coach Scott Parseghian's first rodeo. With 20 seasons under his belt, he understands the dynamic of wins and losses. After a tough 2022-2023 season, Wayland Boys Varsity Football was ready to begin again; and that they did. Players spent time over the summer at a training camp in Winslow, Maine, camp Caribou. Here teammates worked hard on drills and bonded as a team. "We did practices and on the last day we did obstacle courses and team bonding. We got to know the freshman and sophomores who we didn't know before," said **Nathaniel Kilmon '24**. With a win under their belt at their first home opener, both the team and fans alike were excited for what was ahead. Together, the team closed their season with a record of 8-3. They progressed to the season play-offs, but faced a tough loss against Scituate.

Probably one of the most exciting parts of a Wayland football home game, and certainly some incentive for increased team spirit, is the lively fan section. Senior class officers develop a schedule for "psychs," encouraging students to all dress in like colors or a theme such as "blackout," or "cowboy." In an effort to raise awareness for certain causes, students this year selected "purple" to raise awareness against domestic violence, via the club MVP (Mentors in Violence Prevention). Students selected pink for breast cancer awareness, and teal and orange to honor late Wayland resident and friend, Eliza Norton.

**JUMP BALL.** (Left) Mekhi Walker '24 extends his arm for an impressive catch during the season game against Bedford. "That was the best game of my season. I had almost 115 receiving yards. We were psyched to beat Bedford, because they were also 3-2. They beat us last year 30-0" said Walker.

# We asked 4 Varsity players...

## WHAT ARE YOUR GAME DAY RITUALS?

### FINN BUMSTEAD '24

"[When] the school day is done, I go to CVS and get a Pedialyte, berry frost and apple juice. The apple juice is essential. Me and Ben Wright will then walk the track and throw the football to prepare for the game."

### BRADEN LEICHLITER '25

"I just listen to music [to] get locked in, and have a quick snack so I'm fueled up for the game and that's about it."

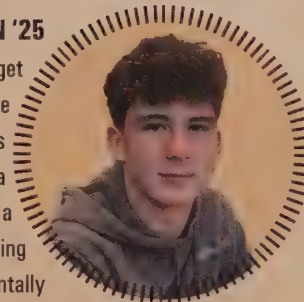

### MEKHI WALKER '24

"I take 3 Advil and then put the drip on."

### JADEN KAUFMAN '25

"For away games, we always get burritos, and then for home games the parents always bring us food and we have a little feast. Then we have a walk-through in the wrestling room just to get mentally prepared for the game."

We asked

4

Members of the crew team...

WHAT ARE YOUR RACE DAY RITUALS?

**AVA BALUKONIS '24**

"Right before racing, I put in my AirPods and listen to rock music, I almost always play some Bon Jovi."

**MADDIE GENIS '24**

"I always wear my Oakleys and make sure all my clothes have the crew logo. I usually eat a bagel and cream cheese and also listen to hype music."

**THE CREW.** (Left) Miles Reynolds '24 and Alexander Dremov '25 help unload a boat at a regatta. Both Miles and Alex were in the boys first varsity eight boat. (Right) Clara Walsh '24 looks back as she awaits her turn to race in the solo boat.

**ROW-ROW-ROW.** Juniors Lillian Thompson and Penelope Biddle row in a double at the New England Championships.

**FIRST VARSITY EIGHTS.** (Top: Boys, Bottom: Girls) The first varsity eight boats (also known as 1V8) are the top boats on the Wayland-Weston Crew Team. The boat is comprised of eight rowers and a coxswain. From Wayland, Miles Reynolds '24, Tanas Kazlas '24, Alexander Dremov '25 and Evan Brown '25 were part of the boys 1V8. In the girls 1V8 from Wayland, Liepa Kazlas '24, Ava Balukonis '24, Sophie Roman '24, Maddie Genis '24 and Sadie Batista '25.

# ROWING TO SUCCESS

The Wayland-Weston Crew team had an eventful 2023 season. At the beginning of the season, the team held its annual "Ergathon" fundraiser. The team rowed in several regattas, including the New Hampshire Championships, New England Championships and Head of the Fish. The biggest regatta was the Head Of The Charles Regatta (HOCR), held on the Charles River in Cambridge, MA. The team sent three boats to HOCR: The boys 1V8, the girls 1V8 and the girls second varsity eight. The boys 1V8 boat finished 33rd out of 90 teams and the girls 1V8 boat finished 28th out of 89 teams.

**PRE-RACE SMILES.** The second varsity eight boat rowers wait for instructions from their coaches at the Head of the Charles Regatta. **Emily Genis '26, Jillian Segel '25, & Addison Nugent '25** are seated at the front of the boat.

**FELIX KISSELL '25**

"Before my races, music, and caffeine, along with warming up are a must."

**GRAHAM SCHWENDT '24**

"I always wear a Columbia University t-shirt the night before I race, I always try and get 8 hours of sleep, and have a good, light breakfast."

**TEAMMATES.** Juniors **Mattias Johansson** and **Evan Brown** stand by at the New Hampshire Championships Regatta.

**WORKING HARD.** (Left) **Ava Balukonis '24** helps carry the boat from the water after her race. Balukonis is committed to row for the NCAA Division I school, University of North Carolina at Chapel Hill. Captain **Liepa Kazlas '24** has signed to row for Rutgers University, and **Maddie Genis '24** is committed and will row for University of Massachusetts Amherst.

We asked

4

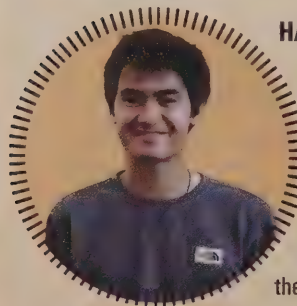

Varsity players...

WHAT ARE YOUR PREGAME RITUALS?  
WHAT WILL YOU GO DOWN AS MOST ABOUT THIS SEASON?

**MATYAS KYLBERGER '25**

"I think I'm going to remember how the season didn't start off how we really wanted it to, but we worked really hard... and so far the season's looking up, so I think our hard work reflects our performance."

**HARRISON DALE '24**

"Before games we have this playlist that we play during warm-ups, [which] really gets us hyped up. Our pre-game routine usually consists of doing possession drills, shooting, and then some offense versus defense."

**TEDDY HAGE '25**

"We have a lot of team dinners, and we hangout a lot, which is nice and I think it's a really good environment."

**LUKE PYHTILA '24**

"My favorite memory was the game against Boston Latin because they were a good D1 team and we pulled through with a 3-2 win."

# DRIVEN

Each season, the Wayland Girls Varsity Soccer captains and coaches work together to pick a word to inspire the team to live by. For the 2023 season, the word was "driven." Players took this word and its meaning to heart, using it to power through the season. The team was able to stick together, even when faced with challenges, forming connections that last even after the season has ended. Many players believe that team bonding is what makes the team special, such as their team dinners. In addition to pre-planned potluck style dinners, team members also often headed out together to Chipotle or Chick-Fil-A in order to enjoy more time with one another.

**SENIOR NIGHT.** This year, there were six seniors on the team. (From left to right) Lily Mele, Abigail Raftery, Kyra Spooner, Margaret Melander, Alyssa Yaffe, Lilly O'Driscoll and Michelle Prince. All senior girls have been playing Wayland soccer together since elementary school.

Varsity players...

## HOW DO YOU PREPARE FOR A GAME?

### AVERY UMINA '26

"My game day rituals are [that] I wear pink pre-wrap every game. Usually we do a team meeting right before the game."

### MARIE GERONIMO '26

"Cheer, run around the Wayland circle, and clap hands with the team/huddle to get hype, and soccer warm up."

### ANNIE MELANDER '26

"Each game day, I hydrate as much as possible by drinking two of my water bottles during the school day. I refill it in the trainers rooms where I would eat my chocolate protein bar before warm-ups."

### MARGARET MELANDER '24

"I eat a good breakfast, make sure to hydrate a lot more than on a regular day, try and stay in a good mood, and make sure I have all my gear."

**VICTORY.** The team huddles together in excitement after **Zoe Mittelsteadt '25** scores a goal on senior night.

Varsity players...

WHAT WILL YOU REMEMBER MOST ABOUT THIS SEASON?

**DASHA TVERETINOVA '24**

"The way our team came together—the chemistry was really good, which allowed us to beat Concord-Carlisle and Lincoln-Sudbury for the first time in program history!"

**ABIGAIL BENNETT '25**

"We continuously supported each other and we always had a good environment to play and grow as players."

**JULIANA PERDOMO-BARRIOS '24**

"Making history for our program [with] two tournament games and quarterfinals."

**LILA BERG '25**

"I will remember the close community our team formed on and off the court this year. Our team became a family, which translated to great teamwork on the court."

# MEET US AT THE NET

Playing girls varsity volleyball for Wayland starts at a young age. "I did my first camp in fifth grade. My first team experience was in 8th grade," said **Anna Yalli '26**. As players develop, that sense of commitment does not falter. During the off season, most of the team members play on a club team in order to stay in shape and continue to improve their skills. Over the summer there are twice a week captains practices and many participate in a beach volleyball league. In season, the team practiced six days a week for two hours at a time, plus at least one match per week. All players on varsity have assisted with coaching younger players at either the elementary or middle school level, along with additional clinics that the team has run. All this to say this team of dedicated players had a record this season of 11-8, and ranked 5th in the small DCL by the Massachusetts Volleyball Association this year. The team made it to playoffs, making it all the way until the final round, where they had a tough loss against Medfield.

The team bonded a lot during the season. They planned dinners once every two weeks, dining at Panera, Chipotle, or Chick-fil-a. Those who could drive would make Starbucks runs for the team before practices and matches as well.

**LET'S GET LOUD.** **Tristen Chow '25** leaps into the air with joy after taking a point during a long rally against town rivals Weston. "That game was a strong representation of our resilience from the season, which helped us do well and play tough throughout the playoff tournament," said Chow. She cheers alongside fellow teammates **Anna Yalli '26**, and **Morgan Lee '24**.

(Photo by: Johnathan Riera '25)

**PSYCHED!** Throughout the season, the team participated in psychs before most of their matches to bring spirit around the school. These psychs included tutus (as pictured), pink out, white out, black out, twinning, jerseys, and orange & teal for Eliza Norton.

# MENTAL GAME

**SENIORS.** The team was led this year by (from left to right) **Charlie Lieb, Joey Burke, Jameson Lehr, Thomas Kiernan, and Michael Lavelle.**

(Photo submitted by: Joey Burke '24)

"What sets golf apart from the typical sport is that it's almost entirely mental, so we have top practice pressure. To make sure we are always under pressure, similar to how we would be in real matches, we are always competing directly against each other in practice. This ensures that come match day we are prepared to face the pressure associated with playing against someone," said captain **Charlie Lieb '24.**

Match play is how the team competes with surrounding schools. In match play, each hole counts as a point if you win against your opponent. Whoever has the least hits before reaching the hole is the winner of that hole and gets the points. Each point adds to a player's score and whoever has won more points by the end wins the match. The pars are the expected stroke for the player to reach the hole. A bogey is when the player takes one extra hit over the par, a double is two extra hits and a triple is three or more.

# DINNER TIME

With a record of 3-14-1, the 2023 Wayland Field Hockey Season was in a word, interesting. This year welcomed two new coaches to the program, Wayland teachers Erin Kish and Bill Bobrowsky. The season started off differently than the past few years due to the absence of boys on the team, and the loss of fifteen 2023 graduates. With smaller numbers, a decision was made to combine the Varsity & JV teams for the season. Many players enjoyed the combined teams, **Cate Ellenbogen '25** said, "Having the combined team really made the whole program feel united, and made the season really fun." Seated at seed 31 the team made it to the first round of playoffs, after winning a preliminary game against South High Community. The team ultimately fell to Norwood, who was seeded second. This season was a last for many- the seniors, head coach Shelly Frasier, and assistant coach Kylie Ham. Frasier closes out a coaching career of 23 years, some of which she coached Kylie Ham. Ham went on to coach for the Wayland team for three years assisting Frasier. The team was sad to see these coaches go, but are excited to find out who their coaches will be heading into 2024.

Cross Country  
Runners...

WHAT IS YOUR FAVORITE POST-RACE MEAL?

**ZACKARY GOLDSTEIN '24**

"I'd say my post race meal is pasta or chicken tenders [because] they're really easy to make and they taste good."

**MICHELLE YEE '24**

"I eat everything in my house, anything I can find, [but] I'd prefer pasta or pizza."

**ALEXANDRIA BELL '24**

**FINAL LAP.** Captain **Daniel Narvaez '24** runs his last cross country race of his high school career. Narvaez is also on the varsity Nordic skiing team and varsity outdoor track and field team.  
(Photo by: Sasha Libenzon '25)

Although cross country may seem like an individual sport, team members depend on each other for pacing and encouragement. According to captain **Selena Liu '24**, "everyone on the team really trusts each other and we have a really special connection." The team has a dinner every other week, rotating between the six captains for hosting the event. The dinners tend to be potluck style and serve as a way for the team to bond. Throughout the week, the team switches between short, medium, and long runs, all of which are planned by the head coach, Mark Mayall. Meets occur once or twice a week.

The most popular invitational meet among the team was the Bob Glennon Twilight Invitational, which was held in Cape Cod. "I think twilight was such a great race because of the energy," said **Ainsley Jay '27**. "[I] was racing at night with lights beaming over [me], and the crowds cheering really gave me a lot of energy during the race."

There were many successes and personal records throughout the season but also a significant amount more injuries than last year. "For some practices, I had to be by myself; but there were friends who were also injured, so we could cross train together," said **Sierra Dale '24**. "For the races, it was sad to watch the others compete and not be able to, but I was always welcome to cheer and go to the meets."

At the end of the season, there is the state meet, also known as the "Meet of Champions," in which seven Wayland runners qualified. 2022 was the first time the team qualified for the state meet in over 20 years. On the boys team, captains **Daniel Narvaez '24** and **Ben Caddoo '24**, **Luke Chisum '25**, **William Jackson '25**, **Adrian Narvaez '25**, and **Jayden Newland '26** qualified. On the girls team, captain **Arya Samaratunga '25** qualified individually.

**WINTER SERENADE.** Winter means the start of concert season in the Wayland Public Schools. **Alison Zhu '24** is no stranger to being in the spotlight as a seasoned violinist. Zhu has been performing since the age of 9. "With my last year in Wayland High School's orchestra, I'm excited to finish this chapter of my life by manifesting my final thoughts through the sweet sounds of music," said Zhu. Zhu has worked under lead Orchestra teacher and conductor Susan Memoli for all 4 years of high school. "Thank you, Ms. Memoli, for giving me a platform to express my complex ideas through the intricate repertoire Honors Sinfonia has played."

# HOLIDAY VENTURES

**WHS STUDENTS CELEBRATE THEIR HOLIDAY BREAKS IN STYLE.** Students traveled to varying states and countries with family and friends to celebrate the time off and have fun.

**A BLAST OF A TRIP.** Jordynn Lee '25 (pictured with Morgan Lee '24 and Mason Lee '27) traveled with her family on a spur of the moment trip to the American Dream Mall in New Jersey over the holiday break. "I went to this place called Blast, which was an immersive 3D ride experience. We 'roamed' London and hunted werewolves. In the ADM there was also the only indoor skiing and snowboarding facility in the world. It was extremely cold but luckily they gave us jackets and snow pants," said Lee. Lee's family celebrated Christmas, and spent the 2023 holiday with family and friends. "Every year my family helps out with our family's restaurant down in Brockton named Maui, for New Years," said Lee.

**EGYPTIAN ADVENTURE.** Azan Salahuddin '24 and Rayan Salahuddin '24 traveled to Egypt in late December. "We wanted to explore as much of the country as possible, so we visited the cities of Cairo, Giza, Alexandria, and Luxor. We really enjoyed exploring the many ancient ruins on offer and learning about one of the most important and advanced civilizations of all time," said Salahuddin '24. Salahuddin shared the importance of perspective... "Staying on the Nile allowed us to understand how crucial waterway systems are for the country's economy and growth." It was well-worth it for their family to see the famed Egyptian pyramids. "Seeing the pyramids was very exciting as they are a marvel that we grew up hearing stories about. In order to reach the center, we had to perform quite the workout by crouching and 'duck-walking' down several flights of stairs!" said Salahuddin '24.

**ISLAND HOPPING.** Jahdaya Franklyn '25 poses with her sisters during their family trip to Montego Bay, Jamaica. They took advantage of the scenery and activities at their resort. "We had an amazing time playing golf, tennis, and volleyball together. The resort had a bar and buffet which we visited often, indulging in unlimited piña coladas and Jamaican food. We also went on many exciting excursions, including horseback riding, jet skiing, ATV driving, and cliff jumping. The island had many hidden cliffs that we explored and jumped off of, providing us with unforgettable memories," said Franklyn. Franklyn was excited to celebrate Thanksgiving with family while on the trip. "We had a wide range of dinner selections and even enjoyed a live band performance, making the holiday even more special. Overall, it was an incredible trip filled with adventures and special moments that we will cherish forever," said Franklyn.

**ARUBA ADVENTURE.** Caoilinn Donohue '26 takes an annual trip to Aruba with her family, and has been for nearly 12 years. "It's our favorite place because we have made so many friends over the years. This year we explored more of the north side of the island which was fun because we saw so many animals and the water was so beautiful." Donohue had fun snorkeling, riding ATV's, wind surfing, cave diving, going on a pirate ship, and eating escargot from a favorite French restaurant. "The native language in Aruba is Papiamentu, but most people speak Spanish as well so it's really fun to work on my Spanish while I'm there," said Donohue.

Horseback Riding

**What initially drew you to horseback riding?**

"I had my 'horse phase' that most kids have at some point and I just never grew out of it!"

**What is something you have accomplished in your hobby this year?**

"Over the summer I went to a show in New York, and I got 1st out of 80 people in my class. I also got to ride in a Grand Prix ring for the first time, which was crazy!"

**What is a challenge that you faced this year in your sport, or currently face? (Or a goal you have for personal growth).**

"My biggest goal with horseback riding is to learn how I can best work with my horse to keep him healthy and happy so he can keep being a rockstar!"

**SULLY NGUYEN '25**

Electric Guitar

**What is something you have accomplished in your hobby this year?**

"Something I have accomplished this year was being able to learn a lot of new songs that I have only been able to listen to. Learning new techniques and skills has led me to play faster and cleaner on the guitar."

**What is a challenge that you faced this year, or currently face? (Or a goal you have for personal growth).**

"Some challenges I have faced with playing guitar and learning new skills are probably finding the time to play and finding what I want to play. There are a lot of songs I wish I could play but finding the time to practice has been a big struggle for me."

**What is your favorite type of music to play? What initially drew you to guitar?**

"My favorite type of music to play is rock and heavy metal. I have a much better time playing faster parts because of the speed needed to play such fast songs. I was initially drawn into playing guitar because one of my friends showed me a song I really enjoy now. This was also during COVID, so I decided to pick it up because I had nothing else to do."

Competitive Volleyball

**What initially drew you to volleyball? How did you get connected with your travel team?**

"Initially, I was introduced to volleyball by the freshman team coach here. I am family friends with her, and she ran clinics at Happy Hollow [elementary school] for volleyball and I started going to them starting in third grade. She was also the one who told me that SMASH was the best club in the area [and] her daughter had played for them."

**What is something you have accomplished in your sport this year?**

"This year my team and I have accomplished quite a bit, we placed 9th overall in the SoCal Cup in January which is the best a team from the northeast has ever done there. We placed 2nd in Atlantic City which is another big out of region tournament, and we placed 2nd overall at the AAU Grand Prix weekend."

**What is a challenge that you faced this year in your sport, or currently face? (Or a goal you have for personal growth).**

"A challenge I have been facing this year has been an injury in my knee that has been around since the start of the season in September. A goal for personal growth for me is improving my vertical so I can compete better with guys who are way taller than me."

## CHARLOTTE WONG '24

Dance

**What type of dance do you do? What initially drew you to dance as a passion?**

"The dance genre at my studio is a blend between contemporary, traditional Chinese Folk Dance, and Ballet. I was initially drawn to dance when many of my friends began taking ballet classes when I was younger, and I enjoyed creating an artistic visual effect with my body— which was amplified when combined with other people."

**What is something you have accomplished in your hobby this year?**

"Something I've accomplished in my hobby this year is performing at the Lunar New Year festival at WHS. This is important to me as I found it exciting to display something that is a part of my identity to my community."

# SENSATIONAL STUDENT ARTISTS

SENIOR VISUAL AND MUSICAL ARTISTS TAKE THE SPOTLIGHT, SHARING THE SENSATIONAL WAYS THEY SEEK CREATIVITY AND INSPIRATION.

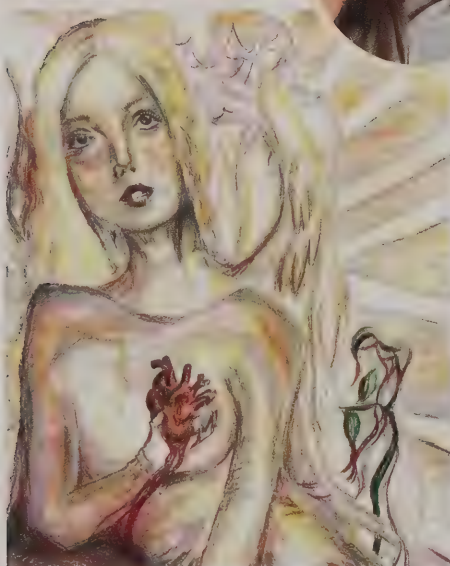

## SARA TORRALES '24

Torrales started exploring different art styles in her sketchbook around the age of 10. Torrales has many favorite artists, from graphite artist Miles Johnston to Italian Renaissance painter Sandro Botticelli, and she draws inspiration from a variety of places. "I love Victorian and Renaissance art styles, but I also love comics, tattoos, and realism," said Torrales. Art is mostly a hobby for Torrales, but she plans on pursuing tattooing in the future. "Although art isn't my plan for college, it will always be an important part of my life," said Torrales.

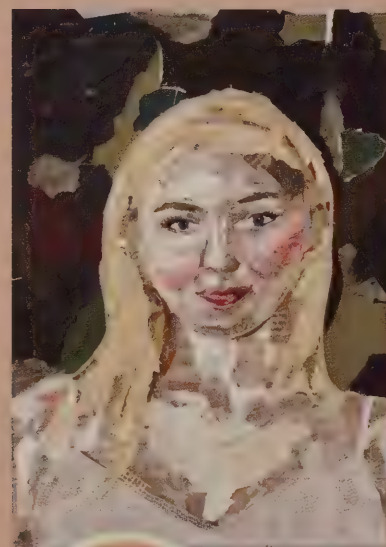

## ANASTASIA VAVRICK '24

Vavrick has been making art for as long as she can remember. She began drawing in her childhood, and in high school she started experimenting with more mediums such as acrylic paint, oil pastels, and clay. "I've found which mediums are most comfortable to me and developed my own style over the years," said Vavrick. Vavrick finds artistic inspiration from a variety of sources, including music and writing. Two artists she admires are Edvard Munch and Claude Monet. Vavrick hopes to continue creating art in college, possibly by taking an art class to further develop her artistic skills. "Since I've always enjoyed art, I can see myself pursuing it as a hobby in my future," said Vavrick. "I would like to continue trying different mediums and styles in my future."

## KEIRA MORETZ '24

This year, Moretz is taking Honors Art 4 and Painting. She gathers her inspiration from things that she loves and peaks her interest. "I have always been interested in history, specifically the 19th to early 20th century." Moretz is using this time period as inspiration for the theme for her body of work, as she is a fan of the techniques used during the time period. She wants to continue pursuing art for the rest of her life, at least for herself. "I am also considering [becoming] an art teacher."

## ANNIKA O'STEEN '24

In her Honors Art 4 class, O'Steen has been experimenting with different mediums, including collage and acrylic paint, especially in portraiture. O'Steen's mother is an artist and O'Steen grew up surrounded by art in her home. She hopes to minor in art in college to continue to engage with and learn her hobby. "If you have questions about something, I think it's interesting to explore that in a creative outlet," said O'Steen.

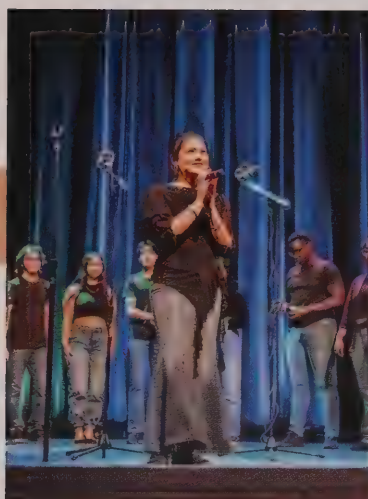

#### KYLE REECE '24

Reece started performing in chorus during the second grade and has continued to pursue singing by joining one of Wayland's A Capella groups, the Mads (Madrigals) during his junior year. Some of Reece's biggest inspirations are the college A Capella groups that performed during last year's CAPA A Capella concert. "All of the groups there were really good, I would definitely recommend going this year," said Reece. Reece's college major is not music-associated, but he wants to continue with A Capella as he gets older.

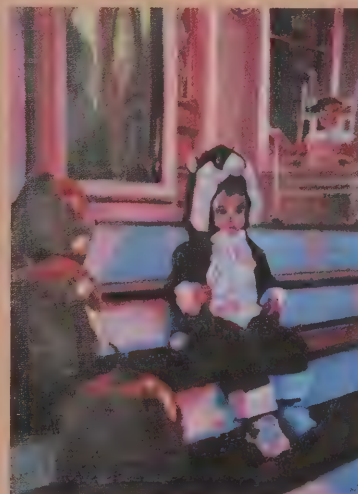

#### SIERRA DALE '24

Dale has been playing the piano and singing for as long as she can remember. Since she joined the Madrigals in her sophomore year, Dale has also been arranging A Capella music for the group. She likes to seek her artistic inspiration from artists that incorporate complex harmonies into their music, such as Beyoncé, Ariana Grande, and Whitney Houston. "I also like artists like Aretha Franklin and Etta James who put soul into their music," said Dale. In the future, Dale wants music to have a large role in her life.

#### KYRA LEFEBVRE '24

Lefebvre has been drawing since before she could walk. She's always loved art but decided to take it more seriously during her freshman year. Many of her recent pieces are from family photos. "A lot of my inspiration comes from my family and all the stories and memories I have from them." In college, she wants to minor in some type of art because it is something that she can always rely on.

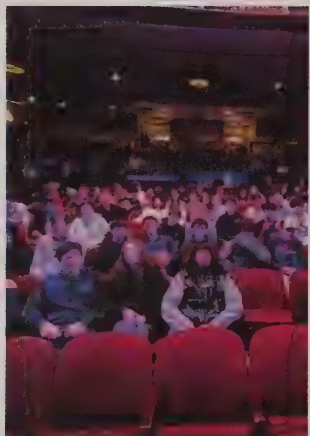

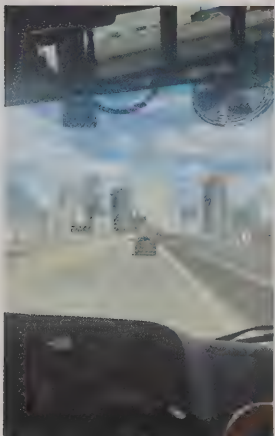

#### CIARAN MURPHY '24

Murphy has played the jazz drum set for 12 years and the cello for nine years. In addition to playing in the Honors Jazz Ensemble and Orchestra, Murphy also composes his own music, completing his first full composition in 7th grade. Since then, he has written pieces performed by the WHS Full Orchestra, Chorus, and Jazz Band, which have been a mix of classical and modern styles. "When I'm writing music, it's a little weird because I usually just have something bouncing around my brain music-wise, and when I sit down to compose, I just build on that," said Murphy. Murphy hopes to become a music educator. "I've done a little bit of teaching throughout high school, so I've gotten a taste of how great it makes me feel to help younger kids learn the instruments."

## A MIDSUMMER NIGHT'S DREAM

Students in English I took a trip to the Strand Theater in Boston to see the Commonwealth Shakespeare Company's production of "A Midsummer Night's Dream." Chaperones on the field trip included **Ms. Bowden, Ms. Lee, Mr. Liddell, Mr. Richmond, and Ms. Florez.** (Below) Students **Audrey Raftery '27, Colin Moleux '27, and Adam Capello '27** pose with the cast members. (Bottom right) All students gather in the theater to prepare for the show.

## THE SEAL OF BILITERACY

The Seal of Biliteracy, marked by a gold seal on the diploma or transcript as well as a cord on graduation, recognizes students who have attained a high level of proficiency in speaking, reading, and writing one or more languages in addition to English. Students take the exam to see if they are proficient in the language they are being tested on.

**Maria Arakcheeva '24**- French, Italian, Russian, Spanish  
**Caio Bonato '25**- Spanish and Portuguese  
**Mariam Gayed '24**- Arabic and Spanish  
**Brendan Shen '24**- Mandarin and Spanish  
**Zack Zhang '25**- Spanish and Mandarin

"Since middle school I've taken an interest in learning and understanding different languages. I've particularly enjoyed learning Spanish and being able to use it to communicate with other Spanish speakers in America."

- **MARIAM GAYED '24**

"I like learning languages so I can understand people when I travel to different places. It's especially fun when they don't expect you to be able to converse with them."

# EXPLORING EXCELLENCE

## THE HARVARD ART MUSEUM

**INSPIRED BY THE CLASSICS.** Students in Honors Classical Literature took a trip to the Harvard Art Museum. Students went to get inspiration on their upcoming research paper. Students took pictures of objects from the classical period. They also got a guided tour from **Mr. DeHoratius**. (Top left) **Swara Metlapally '25** takes photos on assignment at the museum. ### WAYLAND HIGH SCHOOL STAFF AND STUDENTS PARTAKE IN MANY TRIPS AND EVENTS THROUGHOUT THE YEAR.

When Winter and Spring arrive, many classes take field trips. Here we have highlighted a few that stood out this year.

## THE MUSEUM OF FINE ARTS

**A DAY AT THE MUSEUM.** Ms. Sara Langelier organized a field trip to The Museum of Fine Arts in Boston, taking students to see Impressionist paintings. This field trip was for French students. # THE CONNECT PROGRAM

The Connect Program is a course designed for seniors to further advance 21st century skills while also addressing 12th grade ELA and Social Sciences content. It is not a traditional course with lectures, but follows models of project-based, experiential, and place-based learning. During the 2023-2024 school year, the program has focused on climate change and food waste, along with how it affects our planet. Students have been working with Kathryn Pope, a representative from the Mass Audubon Society, to learn and understand the effects of climate change. Seniors will wrap up the year with a project to help mitigate the impact of climate change in the Wayland community.

**EXPLORATION.** Connect students took a field trip to the Greenway in Wayland on Oct. 18th to learn about the environment. They explored what is in the water and the animals living in the ecosystem.

(All Photos submitted by: Anjali Tandon '24)

**LOCAL EXPLORATIONS.** The Connect Program took a trip to Walden Pond in Concord, MA on Sept. 12th to explore the ideas of Henry David Thoreau. The group posed for a picture where his old house used to stand.

**ZEN GOATS.** Amelia Mee '24 and Hayley Shaw '24 pose excitedly with a goat while participating in outdoor yoga. Connect Students took a field trip on Oct. 13th to participate in goat yoga, giving seniors a chance to reconnect with nature.

## PUMPKIN PICASSO.

**CONNECT STUDENTS:** Al Mahdi Al Bendawi, Isabella Lopes Almeida, Garrett Batt, Jack Calverley, Journi Dixon, Kyleigh Bonds-Francis, Lavery Greenfield, Brandon Jenkins, Bronwyn Keenan, Cicily Langdon, Amelia Mee, Jackson Moleux, Emmanuel Nzaramba, Joss O'Heron, Lilly O'Driscoll, Delcie Peter, Lucia Santos, Graham Schwendt, Hayley Shaw, Anjali Tandon, Thomas White, Jahcari Williamson, Iris Wohlfarth.

# WINTER CLUB CHRONICLES

**GLOBAL DIPLOMACY.** Model UN members attend the BosMUN XXIII conference in February. The conference included high school students from all across the United States and the world. Each student was in a committee with other students (both from Wayland and other schools), where they debated global events and put themselves in the shoes of foreign ambassadors. (Below left) **Hassan Rashid '25, Azan Salahuddin '24, Daniel Narvaez '24, Ari Zukerman '24, and Nathaniel Maali-Pohl '24** pose in the conference lobby. ## MODEL U.N.

Throughout the year, Model UN serves as a foreign politics simulator, led by advisor, **Ms. Ellen Cheeseman-Meyer**. Meeting weekly, each student represents one country within the UN, ranging from China and Italy to Moldova. Members often participate in activities such as speaking drills and mock committees. In addition, members sometimes give statements and write position papers about current events and issues as if speaking as a part of the true United Nations. "[My favorite part of Model UN is] attending conferences," said club leader **Jayant Kuppuswamy '24**.

**WAYLAND HIGH SCHOOL'S VAST WEALTH OF CLUBS PROVIDE MANY OPPORTUNITIES FOR STUDENTS TO FOLLOW THEIR PASSIONS AND INTERESTS,** whether that be social advocacy, politics, or just finding a safe space for their community. Here are some of the many clubs that meet during the winter months.

**TRIAL TRIUMPHS.** (Above) **Jacqueline Kane '24** takes notes during a meeting as the group makes decisions about a case. (Right) Club officer **Kally Proctor '24** leads her group in a discussion.

## JEWISH STUDENT UNION.

The Jewish Student Union provides a safe space for Jewish students and their allies, with meetings including activities such as Jewish Jeopardy. "My personal favorite part about JSU is how at Wayland, people come together at meetings to enjoy themselves and they have a good time, even if they aren't Jewish," says student co-leader **Rachel Goldstone '25**.

**CULTURAL UNITY.** (Top Left) **Rachel Goldstone '25 and Bella Schreiber '25** lead a round of Jeopardy at a JSU meeting. ### MOCK TRIAL.

In Mock Trial, students develop public speaking skills and learn how to make legal arguments, analyze cases as guided by an attorney-coach, and compete in regional and state competitions in real courtrooms. During the regular season, the club meets three times a week, usually on Mondays, Wednesdays, and Thursdays. Officer **Kally Proctor '24** shares "It's always been very comforting knowing that the other team members and our coach are there to support you.

This year, five new students made it onto the team, and one of the best parts of the season was being able to guide them and see their improvement throughout the season!" said Proctor.

### LEGAL MINDS AT WORK. (Above middle)

**Bianca Crosby Bernal '25** runs her direct examination for the team during a practice. (Above) **Alexandra Sinrich '26** takes notes while mapping out responses for her witnesses' examination.

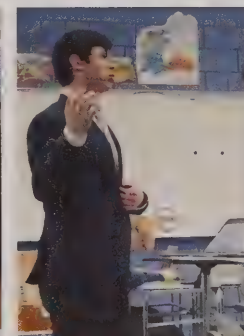

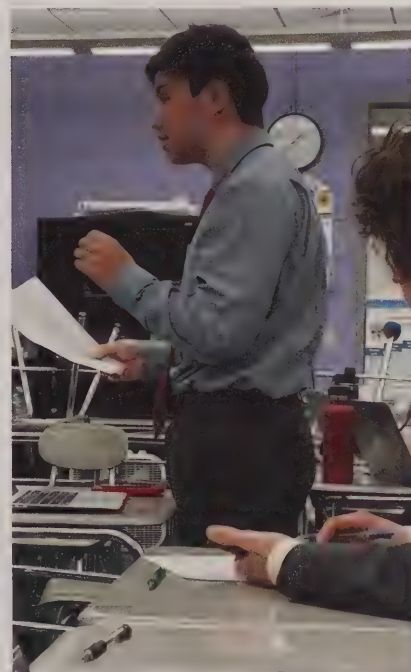

### MUSLIM STUDENT ASSOCIATION

Muslim Student Association provides a safe space for Muslim students to share their stories and connect as a community. The club has also run fund-raisers and other events to help teach the Wayland community about Muslim traditions. "My favorite part about MSA is the tight-knit community that we have created and the bond we share," says member **Salma Dwidar '25**

**CULTURAL CONNECTION.** Assistant Principal and club adviser, **Sean Gass** stands alongside members of the MSA at a student-run meeting. MSA meets on Monday afternoons. ### DEBATE TEAM.

Meeting biweekly, the Debate Team provides an opportunity for students to practice public speaking and argue opposing viewpoints. During meetings, both Varsity and Novice members will experience topic lectures, do research for upcoming tournaments, as well as do specific skill drills and practices. "My favorite parts of the Debate team are the opportunities it gives to learn about different real world issues and develop public speaking skills," says student co-leader **Colin McHugh '25**.

# WINTER'S MELODY

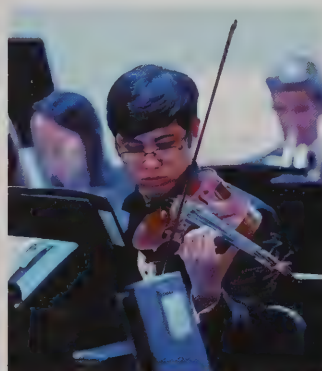

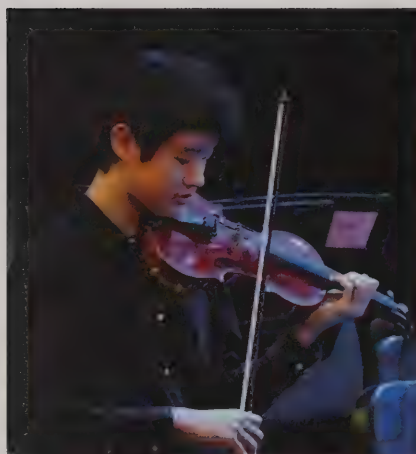

**BAND, ORCHESTRA, CHORUS & VISUAL ARTS.** These are the Fine and Performing arts groups at WHS that exhibit their talents during their annual Winter concerts and showcases.

## CHLOE ZILEMBO '25

### What is the peer mentoring program?

"The peer mediation program is designed to be an alternative to punishment for students who are in a conflict. The idea is that talking to a peer instead of administrators will feel more welcoming and allow students to open up more and solve their problems, not just get punished for them. It is a voluntary process but it is highly encouraged to try it out."

### What is your favorite thing about being involved in the organization?

"My favorite thing about being involved in the organization is getting to go on field trips to the middle school to expand our reach outside of WHS. Mediators can also help middle school students, not just high school students."

### What are some challenges you have faced this school year?

"A challenge that we have faced this year is the lack of people electing to do peer mediation to resolve their conflicts. People should know that peer mediators are there to help and it is a confidential process so there is no harm in trying it."

**THE PEER MEDIATION TEAM.** FRONT ROW: Heather Lui '24, Annika Bangalore '25, Eva Smith '26, Beau Coppola '25, Zackary Goldstein '24, Advisor Sean Gass SECOND ROW: Pariplavi Sontha '25, Nora Edouarzin '24, Chloe Zilembo '25, Anna Varney '25, Liliith Altreuter '24 BACK ROW: Advisor Paul Bonfiglio, CC Haddad '24, James Gallagher '25, Alexander Crawford '25

## JAMES GALLAGHER '26

### What is the peer mentoring program?

"The peer mediation program is an alternative to administrative involvement when it comes to resolving conflicts. The conflicting parties take part in a conversation facilitated by the mediators, hopefully coming to a resolution with their help. The mediation process is 100% confidential, neutral, and voluntary."

### What drew you to be a mentor and leader?

"I was drawn to the program for the training. I saw lots of value in the communication and social skills that I would learn. [Also] The people. Everyone in the program is kind and interested in helping others."

### What are some challenges you have faced this school year?

"One challenge the program faces is recognition. Everyone at the program believes that it would be a popular alternative if more people knew about it."

### What drew you to be a mediator and leader?

"The idea of being able to help people drew me to be a peer mediator."

### What is your favorite thing about being involved in the organization?

"My favorite thing about being involved in this organization is that I feel like I've gained confidence in my ability to help others and I feel like I also learn a lot too."

### What are some challenges you have faced this school year?

"Some of the challenges that I've faced this school year is balancing all extracurricular activities with school work. Since this is my junior year, balancing everything is a big challenge."

## ANNIKA BANGALORE '26

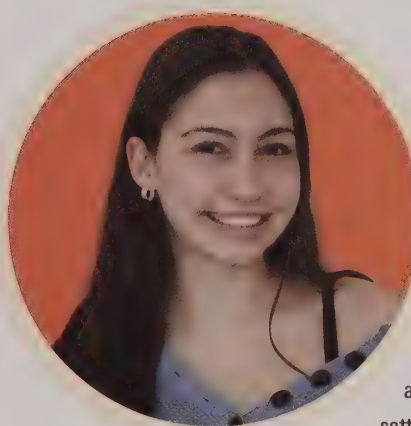

**THE PEER MEDIATION PROGRAM LAUNCHED IN 2023** with intentions to promote positive relationships amongst students. Student mediators were selected by their own peers. Here a few mediators share their experiences, and why they think the program is important at WHS.

# PEER MEDIATION

## ANNA VARNEY '25

### What drew you to be a mentor and leader?

"I was very honored to be chosen as a mediator because I believe the mediation program is a great way for students to settle disputes peacefully. Students are able to articulate their concerns to conflicting parties and neutral mediators and are often able to come to a mutual consensus to settle their quarrel before it creates more tension. The mediator's job is to remain neutral and calm to guide conflicting parties to an agreement, rather than giving them biased suggestions or giving them the 'answer.' My favorite thing about participating in this program is the new community it has created. I have been able to connect with new friends across several grade levels through peer mediation, and I am grateful for all the new skills I have gained from this program."

# WINTER WEEK WHIRLWIND

After countless hours spent studying for Midterms, students look forward to Winter Week, which takes place the week after Midterms. Events this year included a Tri-M musical performance, the Annual Student Council Talent Show, an A Capella concert, and the Window Dance performance. Teachers can elect to take their students to an event or students with a free period can go watch the wide range of performances throughout the week. Student Council also encourages students to participate in psychs. This year's Winter Week psychs were: Groutfit, Red, White and Blue, Pajama Day, Jerseys, and Wayland Pride.

## SENSATIONAL SPOTLIGHT: THE GREEN TEAM

"The Green Team at Wayland High School is basically the environmentalist club at the school. We do a lot of different things, but what we do [is] serve as the garden club [and] climate activism," said club leader **Ciaran Murphy '24**. Murphy leads the club, and encourages students to join who are interested in composting and gardening. When prompted with the question "What is one goal that you have for the club this year?" Murphy responding, "I would really love it if we could work with the Weston Green Team more closely this spring because we just discovered that one of my friends from a separate extracurricular is their co-president as well. We [had] a Zoom meeting to talk about what we might be able to do together and how we might be able to help each other, and they suggested this program that helps to plant trees for a low price across your town. We're really hoping that we can do that. We also have a couple other plans like making a pollinator [in the WHS] garden, so if we can do all of that, I think it'd be a really successful spring."

## TUESDAY

### MENTAL HEALTH ADVOCATE.

Mental Health speaker **Eric Daddario** spoke to the school about the importance of reaching out and asking for help when you're struggling, as well as the dangers of bottling up your emotions. Using searing anecdotes from his own life experiences, Daddario urged students to seek help in an encouraging and supporting way.

### CREATIVE CURTAIN CALL.

"During winter week this year, the High School's Honors Dramatic Arts 1 class performed four different ten-minute plays. We practiced them on and off for about a month beforehand. Three of the plays were two person, professionally written plays, and one large group play was written by fellow WHS student **Wilson Harding '24**, who was able to watch our performance of it," said **Anishka Trehan '26**, pictured left with **Eva Smith '26** during their skit.

### THE N-WORD: LET'S TALK ABOUT IT.

"METCO coordinator **Mark Liddell** shared a presentation about the n-word in the Wayland High School Lecture Hall as a Winter Week event. The presentation included personal anecdotes, videos of Black activists talking about the n-word and an opportunity for questions from students." "I'm hoping that you recognize that the use of the [n-word] is abusive. When you see or hear the word, I want you to think about it differently now," said Liddell (pictured) during his presentation in the Lecture Hall.

## THURSDAY

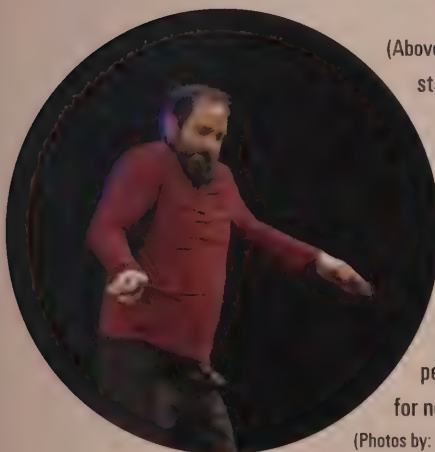

### STARLIT PERFORMANCES.

The Talent Show brought together all grades for remarkable performances by students and faculty. Among the performances were live music from both individuals and student bands, dad jokes, and a dance performance.

(Above) **Elle Tinawi '27** braves the stage for her first performance at WHS, singing Taylor Swift's "Trouble." (Left) Wellness teacher **John Berry** performs during the show, an annual occurrence for Berry. Berry loves to dance, and has performed in the Talent Show for nearly 10 years.

"I always wanted to get hypnotized because in the previous years it looked like fun. When I was [hypnotized], it felt different than I thought it would. I was just relaxed and did what I was told," said participant **Charlie Lieb '24**. (Left) Hypnotized students slump in their chairs after being put to sleep by Gross.

# NET WARRIORS

The girls basketball team finished the season with a record of 8-12. A highlight win for the team was the annual Coaches vs. Cancer game, which ended in a win against Cambridge Rindge and Latin. The event also raised over \$7,000 for the American Cancer Society. The team faced a lot of adversity with injuries but never gave up throughout the season. Even though the team's record didn't qualify them for playoffs, it didn't reflect on their performance this season.

4

Varsity players...

## WHAT ARE YOUR GAME DAY RITUALS?

### AVA RENNEKER '24

"I go to Starbucks and pack something to eat for the bus."

### SOPHIA BECKETT '26

"I would say one game day ritual that I always do is re-tie my shoes in warm-ups before every game!"

### JENNIFER SHINE '24

"I eat a sandwich from the deli, print out a word for the team and get breakfast at Einsteins."

### OLIVIA TODD '25

The boys varsity basketball team capped off its 2023-2024 season with a 4-16 record. "Even though the record may not reflect the work we put in, I had a lot of fun playing my last season for Wayland," said captain **Grant Larsen '24**. A highlight of the season was the team's home win against Weston, which ended in a final score of 50-47. "It was great to beat [Weston] at home to end my career [against] them. Overall, I had a lot of fun this season," said **Thomas Kiernan '24**. The team's head coach was Wayland High School guidance counselor **Dennis Doherty**, and the captains were **Grant Larsen '24**, **Anshuman Parulekar '24** and **Ridley Keegan '25**.

# INTRAMURAL INTENSITY

The Intramural Basketball League had over 100 participants this 2023-2024 season. There were eight teams, each led by a senior captain and a coach. The games were held at around 8 p.m. every Tuesday and Friday. The team with the most wins, the White Team, ended up winning the final championship game against the Pink Team. The White Team's captain was **Finn Bumstead '24** and the coach was **Thomas Kiernan '24**.

### WHAT WILL YOU REMEMBER MOST ABOUT THIS SEASON?

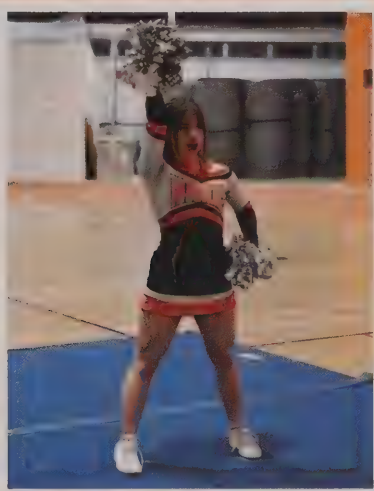

**REJOICE EJIMS '26**

"Meeting new people and feeling welcomed in a cheerful environment."

**TESSA CORCORAN '27**

"Probably learning to stunt and learning to be a front."

The girl's varsity cheer team kicked off the winter season by working on improving their stunting and cheering at the boy's basketball games. By the end of the season, they were able to throw their flyers much higher and try new stunts. "The games were fun as well as a great way to get closer as a team. My personal favorite was the Wayland-Weston game because we beat our rivals," said **Nicole Angelova '25**. The team is looking forward to next season, where they hope to continue to improve and enter competitions. They are also excited about their new uniforms.

# MAT MAVERICKS

The wrestling season began in early December and ended in mid February. The team practices every weekday, with the exception of dual meets on Wednesdays and sometimes tournaments over the weekends. The winning team is determined by the addition of points won per each match. "The competition is a good experience," **Joseph Brown '26** said. "There's a lot of tension that goes on, so it brings everyone together." Once the main season has concluded, some athletes qualify for the sectional or state meets. This year's state qualifiers are **Damian Sdoia '27, Benjamin Shanson '27, Maxwell Berkowitz '27, Nathan Hartunian '26, Paul Lang '25, Michael Keenan '25, Jaden Kaufman '25, Cole Chase '25, Cole Duffy '25, Nathan Tobe '25, and Anthony Brown '25.** The high school's wrestling staff consists of head coach **Sean Chase** and Assistant Coaches **Lee Krasnoo** and **Scott Parseghian**, all of whom wrestled as students when they attended WHS and have been coaching together for over 20 years. The team is relatively small with 29 athletes and 3 captains. The 2024 captains are **Cole Chase '25, Michael Keenan '25, and Paul Lang '25.** After some meets, the team goes to an all you can eat buffet to refuel. "Our team culture is very supportive and at meets we cheer each other on," **Liam Moore '25** said. "[The team] is very accepting of new guys; [it doesn't] matter your experience; you're already tight with the community."

**VICTORY.** Captain **Michael Keenan '25** lifts his Beverley opponent in the round of 16 at the Wayland Holiday Wrestling Tournament on Saturday, Dec. 16. Keenan won the match with a final score of 7-1.

## WHAT ARE YOUR MEET DAY RITUALS?

### JAMES BUFFUM '25

"I get a good nights sleep, eat carbohydrates that will fuel me for my match, and then envision winning the match in my head."

### DANIEL FLOREZ '26

"I get a little bit of food. I get my stuff on and listen to some music. I just get locked in."

### COLE DUFFY '25

"I eat and listen to music until it's my time to wrestle."

### DAMIAN SDOIA '27

"I eat French toast every morning, take an Advil, and listen to Lana Del Rey."

# ICE TITANS

This season the Wayland Boys Hockey Team played alongside the Watertown Boys Hockey Team for their second year. The Wayland and Watertown teams joined together last year because both teams had a low number of players to compete at the Varsity level. The teams signed a two year co-op, and have been doing well since combining, with Wayland students **John Ali '24**, **Jack Gavron '25**, and **Shane Desmond '25** being players to watch. The sole Wayland captain on the team, **John Ali '24**, spoke about his team's strengths and where they can grow. "Our team's strengths would be to persevere through injuries, play with lots of players out, and have enough endurance to stay fast in the third period. We have room to grow in that we could be more physical on defense and get more shots from the point on offense," said Ali.

**SCORE.** (Above) **Jack Gavron '25** skates down the ice ready to receive a pass from his teammate as they head for the net. (Right) Seniors **Michael Lavelle**, **John Ali**, and **Nathaniel Pletta** put on their game faces.

# SPEED SPECTRUM

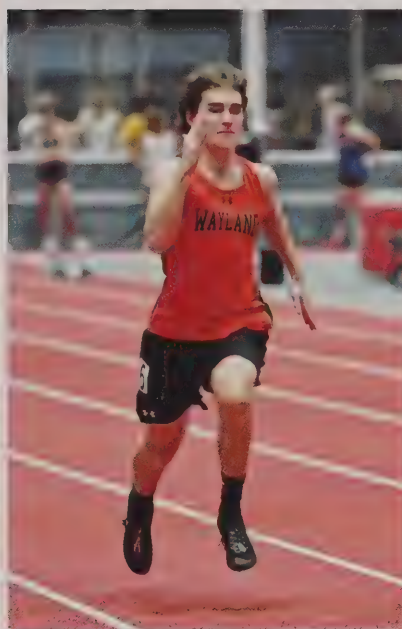

The indoor track and field team began their season in December with pre-season warm-ups and ended with the state qualifier meet in February.

During that period of time, athletes competed in dual meets every Wednesday at the New Balance Track in Boston, MA. There are many different events runners can participate in: the 2 mile, 1 mile, 1,000 meter, 600 meter, 300 meter, 55 meter, 55 meter hurdles, a 4x200 meter relay, a 4x400 meter relay, shot put, long jump, and high jump. "[I do] the 600 meter because it's not too short and not too long," **Connor Langan '26** said. The team has around 38 athletes and six captains. The captains are **Giovanni Sebastianelli '24, Brendan Hines '24, Samuel Brooks '24, Selena Liu '24, Julia DeGrenier '24, and Tasha Janoff '24.** "The captains do a great job of getting everyone involved, which has made us a lot closer since the beginning of the season," **Abigail Wrentmore '24** said. "We are a big group, so that can be tough sometimes, but they keep the energy high and never leave anyone out." At the end of the season, some runners participate in DCL, divisionals, and state meets.

Athletes must qualify in order to run at states.

# MAKING WAVES

The swim and dive team had yet another season full of success. The swim team was led by Head Coach Michael Foley and coaches Ben Downs, Keith Meliones, Sean O'Leary and Becca Wuerfel. The dive team was led by coaches Drew Foley and Ricky Davies. The girls team had an undefeated regular season record – a record that has continued for two and a half years – and the boys team only lost one meet and tied Weston for the first time in history. Furthermore, the girls team finished third in the Dual County League (DCL) Championship Meet, the sectional meet and the state meet. The boys team finished first in the DCL Championship Meet, seventh in the sectional meet and second in the state meet. At the state meet, both the girls and boys 200 freestyle relay teams shone bright. The state champion girls relay squad was comprised of **Paulina Ilyin '26, Cara Hill '26, Arpi Abrahamian '25** and captain **Adah Shulman '24**. The runner up boys relay team was made up of **Alexander Lu '26, Aidan Huang '25**, captain **Zach Rainville '24** and Wayland resident **Peter Morris '25**.

### LUKE KRONCKE '27

"I do drills, hard sets in practice and outside of practice, I make sure I eat well and get enough quality sleep."

# PEAK PURSUIT

The Alpine ski team had a successful season despite having graduated several of the girls team's top racers. The girls team finished 4th in the Mass Bay West Alpha league with both **Finley Knapp '25** and **Penelope Jacques '26** finishing in the top 20. There are no senior female racers on the team so Wayland was led by several juniors this year. Captains **Ella Moscoffian '25**, **Cate Ellenbogen '25**, and **Finley Knapp '25** all stepped into the leadership roles. The boys team finished 9th and was led by captains **Ford Catlin '24** and **Ryan Chase '26**. Wayland sent two racers, **Finley Knapp '25** and **Penelope Jacques '26**, to the MIAA State Championship Race at Wachusett Mountain.

# SNOW SPRINTS

The Nordic ski team had lots of individual successes this season. Despite not having much natural snow, the Weston Ski Track made a lot of snow, so the team was able to have practices at the ski track almost everyday of the season. Four skiers placed in the top 10 of the Mass Bay West League for the overall league standings. For the boys, captain **Daniel Narvaez '24** finished third and captain **Jake Newton '24** finished ninth. For the girls, captain **Amy McCormack '24** finished fifth and **Naomi Rice '25** finished ninth. As a team, the boys finished third and the girls finished sixth in the league. The team traveled to Prospect Mountain in Vermont for the MIAA Nordic Skiing State Championship on Wednesday, Feb. 14. The boys team placed tenth and the girls team placed twelfth in the state. McCormack placed ninth individually in the girls raceout of more than 130 skiers.

## SENSATIONAL SPOTLIGHT: BEN CADDOO

**Ben Caddoo '24** not only skis for the Nordic team, but he also competes in the sport of biathlon. Biathlon combines Nordic skiing and precision riflery. Caddoo trains with the Harvard Sportsmen's Club in Harvard, MA, and competed in the Biathlon Nationals in Fort Kent, Maine in March.

# SENSATIONAL SENIORS

ON FRIDAY, MARCH 15, AND SATURDAY MARCH 16, THE CLASS OF 2024 HELD THE ANNUAL SENIOR SHOW IN THE WHS AUDITORIUM. There were 18 acts in this year's show and the theme was "Driver's Ed." (Above) The evening's emcees were **Dana Efrat, Anshuman Parulekar, and Joey Burke**. Behind the scenes, Advisors **Sarah Lee** and **Lee Krasnoo** spent countless hours helping the seniors get ready for the show. (Right) Seniors celebrated the end of the show dancing to the song "Life is a Highway."

**SENIOR SPRING KICK OFF.** The Senior Show jokes about experiences that are unique to the graduating class, bringing the grade closer together and kicking off their senior spring. **DRIVER'S ED.** **Anson Szeremeta** and **Ben Caddoo** dance with a car cut-out as senior members of WHS' A Capella groups sing their own version of Olivia Rodrigo's song "Driver's License."

**A SHOW FOR EVERYONE.** (Right) **Madalyn Andler, John Kerrigan, Brandon Jenkins, Catherine Pralle, and Ryan Ding** act as characters from the movie "The Breakfast Club." The seniors aimed to include skits that not only students could laugh at, but adults too.

**COVID KIDS.** Jahcari Williamson, Tina Su and Michelle Yee act in the skit "Covid Kids." This skit made fun of how students acted on school zoom calls during quarantine. "Preparing for senior show was so much fun. It felt like we all came together as a senior

class to put in the work necessary in order to produce a performance for our classmates and the parents that welcomed senior spring and all of the activities that followed," said Su.

**DANCE THE NIGHT AWAY.** Three out of the 18 skits in the Senior Show were dance numbers. There was a girls dance, a boys dance and a co-ed dance. The WHS Window Dance Ensemble directors, Talia Macchi, Isabelle Peredna and Alyssa Yaffe organized and choreographed each dance while keeping the theme of "Driver's Ed" in mind. Each dance had three one-hour sessions of practice, most

of which were held before school starting at 7:30 a.m. in the WHS field house. (Above left) the "Boy's Dance," feat. Nicholas Steen, Phineas Suratt, Charlie Lieb, Jameson Lehr and Jake Newton. (Above Right) The "Girl's Dance," featuring Alyssa Yaffe, Kyra Spooner, Abigail Raftery, Talia Macchi, Margaret Melander, and Annika Martins.

**POST-TEST PRESS CONFERENCE.** Robert (Jake) Kennedy, Zackary Goldstein, Nadya Chase, Katya Luzarraga and Henrique Abecasis perform in the skit "Post-Test Press Conference." WSPN's Chase and Luzarraga interviewed Kennedy, Goldstein and Abacasis about a recent AP BC Calculus exam. Goldstein expected to ace the test, but ended up

failing and then preformed a monologue. Kennedy, on the other hand, expected to fail, and was the only one to get a 100% on the test. This skit joked about the common feeling of getting a test grade you do not expect.

**FAN SECTION.** Kyra Lefebvre acts as her mother, WHS principal Allyson Mizoguchi, in the "Fan Section" skit. This skit hinted at student behavior in the WHS fan section.

**WAYLUV.** Giovanni Sebastianelli and Alyssa Yaffe acted as game show hosts in the skit "Wayluv." Mr. Fred Lehmann and Mrs. Erin Lehmann were one of the couples on the game show.

**CHAT-GPT.** In this skit, Brendan Hines and Julia DeGrenier act as students who were accused of using ChatGPT. Zach Rainville acted as the teacher.

#### WHAT'S YOUR FAVORITE PART ABOUT BEING AT SCHOOL WITH YOUR SIBLING?

"My favorite part is that I am able to be in the same school and see her more during my last year of high school," said Shiffler '24.

"I am most proud of Kyra's authenticity. She has developed a true, confident voice and sense of self in high school, which is the best outcome we want for any student during these four years."  
- **ALLYSON MIZOGUCHI**, Principal

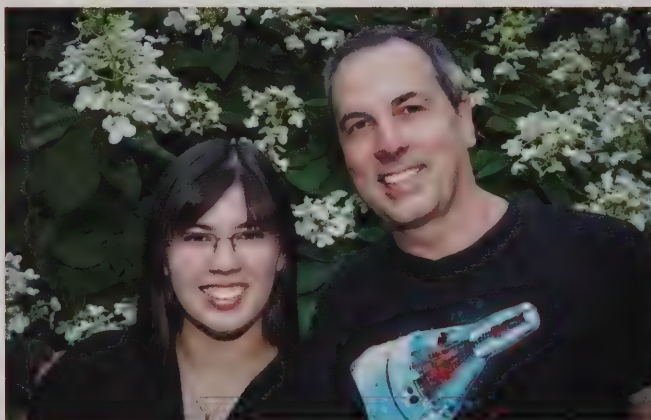

**ALLYSON MIZOGUCHI (PRINCIPAL) & KYRA LEFEBVRE '24**

23 years ago Allyson Mizoguchi began her career at WHS, then an English teacher and soon, administrator. 13 years ago, her oldest daughter Kyra joined the Wayland Public Schools. Since being at the high school, Kyra has gained more "appreciation of the effort, both in school and out, that teachers put into their jobs." Neither enjoy the commute very much, coming from Watertown, MA daily. However, according to Mizoguchi, "even though there are lots of things we can't talk about, and we barely see each other during the school day, WHS is our shared second home. We understand each other because we navigate many of the the same halls and experiences."

## FACULTY LEGACY

**KEN RIDEOUT (SCIENCE) & ISABELLE RIDEOUT '24**

Ken and Isabelle Rideout, longtime Wayland residents, have enjoyed their unique bond of teacher-student, both gaining perspective about one another's position. K. Rideout enjoys debriefing scenarios from the school day, "How did that look from the student side? This is how it looked to me from the teacher side," said Rideout. I. Rideout leaves WHS with a wealth of insight into education. "My dad's perspective has given me insight into how unique

Wayland is - I think many of my classmates would be shocked to hear that saying 'thank you' after teachers pass out papers is one of the things he lists as showing how special the culture of Wayland is. He has also taught me that school is only about grades so much as they measure your learning, helping me pursue the true goal of learning how to learn. As for my future, I don't plan to go into education, but having a public school teacher for a father has shown me the impact of local politics, so I plan to pay close attention and participate wherever I live."

"I remember in my early days of teaching here and imagining Isabelle taking these various high school classes and being a part of my work life and wondering what it would be like. Now, sometimes I see her in the hallways and think "hmm, that student looks a lot like Isabelle. It takes me a second to realize it IS Isabelle!"

- **KEN RIDEOUT**, Science

**PAUL SHIFFLER (SCIENCE) & ALEXANDRA SHIFFLER '24**

Paul and Alexandra Shiffler have appreciated having each other near during the school day for the last four years. "I have always loved having the support of my dad being there everyday at school, because I can come by his room when I'm having a bad day. He has always believed in me, and inspired me to work hard every day to do the best I can," said A. Shiffler. Dad shares "I can't think of any other jobs I would rather have - seeing my kids every day at work is really special."

"It's been great seeing all the different opportunities and activities Alex has been a part of since as early as 3rd and 4th grade. From playing in orchestra, the 5th grade play, to a season of freshman lacrosse, I have seen Alex not just as a parent but a student making mistakes, learning new things, and taking on challenges.

- **PAUL SHIFFLER**, Science

## JENNIFER MCGUINN (SCIENCE) & ELENA MENTE '24

McGuinn and Mente have a special relationship, one that has grown stronger through the bonds of commuting each day, but also because Mente did in fact have mom as a teacher! "I've told people who have asked before that having her as a teacher is just an extension of our regular relationship, and it flowed so well because she's been teaching me things my whole life. I am so grateful to have had my mom teach me Chemistry." McGuinn cherishes the time outside the classroom, and stories shared on commutes and at home. "I cherish the fact that Elena and I could laugh and speculate about work happenings. Most importantly my perspective on students and their journey was enriched, just like the relationship with my daughter," said McGuinn.

"I am most proud that Elena has tried many things and she is very resilient when things do not go as expected."

- JENNIFER MCGUINN, Science

## EXPLORE THE UNIQUE BOND BETWEEN SOME BELOVED

**WAYLAND FACULTY AND THEIR GRADUATING SENIORS.** These educators not only shape the minds of students at WHS, but share the bittersweet journey of watching their own children take the next step.

## JANET PAPPAS (MATH) & KATHERINE MANNING '24

For Pappas and Manning, having each other at the same school has been a positive experience. "It has definitely brought us closer together. Our long drives to and from school enabled us to talk about what was going on and I would often learn a lot about the student perspective on various topics," said Pappas. Similarly, Manning reflects that having her mom as a faculty member has built a helpful relationship. "It has made me push myself to do better for my sake and hers. She has also helped me a lot with looking for the right fit for college and understands what academic needs to look for," said Manning.

"I am so proud of the way Katherine has grown as a student and how she has taken advantage of the academically rigorous courses that Wayland offers."

- JANET PAPPAS, Math

"I am most proud of how she has gained independence and tried different areas of academics. I loved watching her move from year to year and it was really nice to see her interacting on her own with peers and adults."

- MEGAN SMITH, Spanish

## MEGAN SMITH (SPANISH) & ELYSSA SMITH '24

M. Smith began working at WHS 17 years ago. Both Wayland residents, E. Smith began in the Wayland Public schools in kindergarten. Once she moved up to the high school, Smith gained a new perspective on the type of student she wanted to be, based on conversations with mom. "[I've] made sure not to be the type of student that stressed her out. [I] would focus on getting all of my work done, I made sure that I was participating in class, and I did my best to not question anything that they had us do." M. Smith has enjoyed being on the same schedule as her daughter, cherishing their COVID remote-learning year, and annual snow days at home.

## KATHY BOSCHETTO (SPEECH/LANGUAGE PATHOLOGIST) & BELLA BOSCHETTO '24

"Having my mom as a faculty member has been a great experience. It always brightened my day being able to say hi and get a hug," said B. Boschetto.

"It has been a great experience to be able to connect with Bella throughout her school day deepening our relationship," said K. Boschetto.

"I am most proud of how Bella has become true to herself."

- KATHY BOSCHETTO, Speech/Language Pathologist

WORKING AROUND THE CLOCK

BEAU COPPOLA '25, BASE

"I absolutely adore working with the kids and forming relationships with them! It also allows me to de-stress after school and brings out my playful side. It made me realize that I really adore working with kids and teaching them- It sparked my love of teaching and has made me truly consider a future in elementary education."

FORD CATLIN '24,

Ford's Window Washing

"I have been washing windows since the summer of 2020. For the past year I have been able to take on most of the work myself as I invested in technology to make cleaning windows faster, being entirely responsible for myself for the success of my business is a great feeling and one that I take a lot of pride in doing."

AIDAN SHAPLEY '25, Lifeguarding

"I have been lifeguarding at the Wayland Community Pool for two years and it is my favorite job I have worked at. I work with a lot of out of town friends which makes my experience so much better. I love lifeguarding because it is a great job for the summer since I get to be outside and since I have been a swimmer all my life."

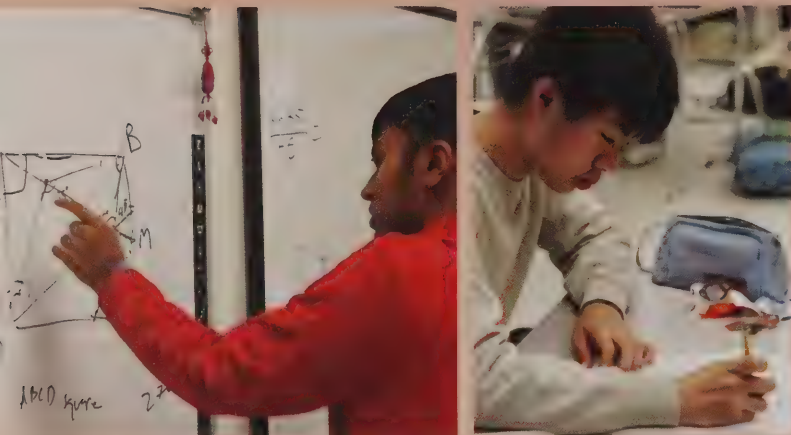

THOMAS WHITE '24, Stop & Shop

"My favorite part about being employed at Stop and Stop is that it helped me develop a good work ethic. I like being able to earn my own money and learn how to invest it wisely. Having this job has helped my time management skills by requiring me to build a schedule that also lets me focus on the things I love to do like lifting, working on my podcast, and sports."

**MATH TEAM.** Each week, Math Team members meet to learn new problem-solving strategies and prepare for competitions, including the Greater Boston Math League regional meets and the Massachusetts Math League state meet, as well as the national American Mathematics Competition (AMC 10/12). "In my four years at WHS, Math Team has consistently been a friendly, welcoming environment where I've met some amazing people and learned some super cool things about math," said Kumar.

Dive into the vibrant world of our diverse spring clubs. From robots, to rockets, to teaching kids important life skills, these clubs convene with enthusiasm and camaraderie.

**ROBOTICS.** The WHS Robotics team is part of FRC: FIRST (For Inspiration and Recognition of Science and Engineering) Robotics Competition. FRC is an international high school robotics competition. Each year, teams of high school students, coaches, and mentors work to build robots that weigh up to 125 lbs (57kg) capable of competing in that year's game. This year the team went to competitions at Revere HS for the Greater Boston Event and WPI. The team is currently ranked 25th out of 215 teams. They have qualified for the NE Districts and have faith that they will be able to qualify for World Championships as well. "My personal favorite part of being in robotics is the environment at competitions. It is literally electric, especially on the field. Teams have to coordinate with other teams on the alliance and can form pretty strong bonds at times. We celebrate wins together and comfort each other after losses. Teams are also so open about sharing information about their robot and resources they use, so it's always so much fun to walk around and see how other robots are designed and built," said club leader **Charmaine Guo '24**.

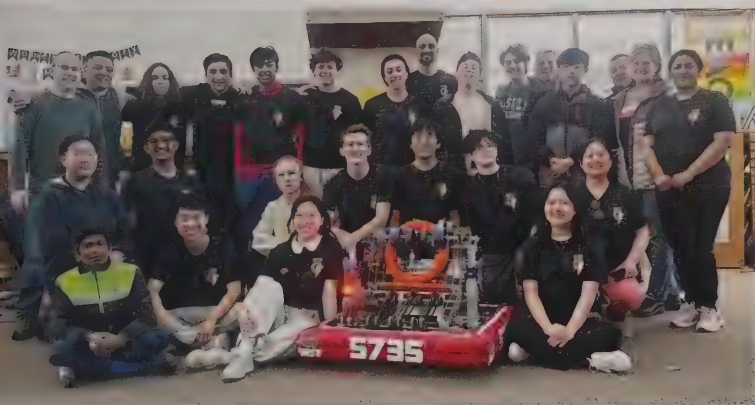

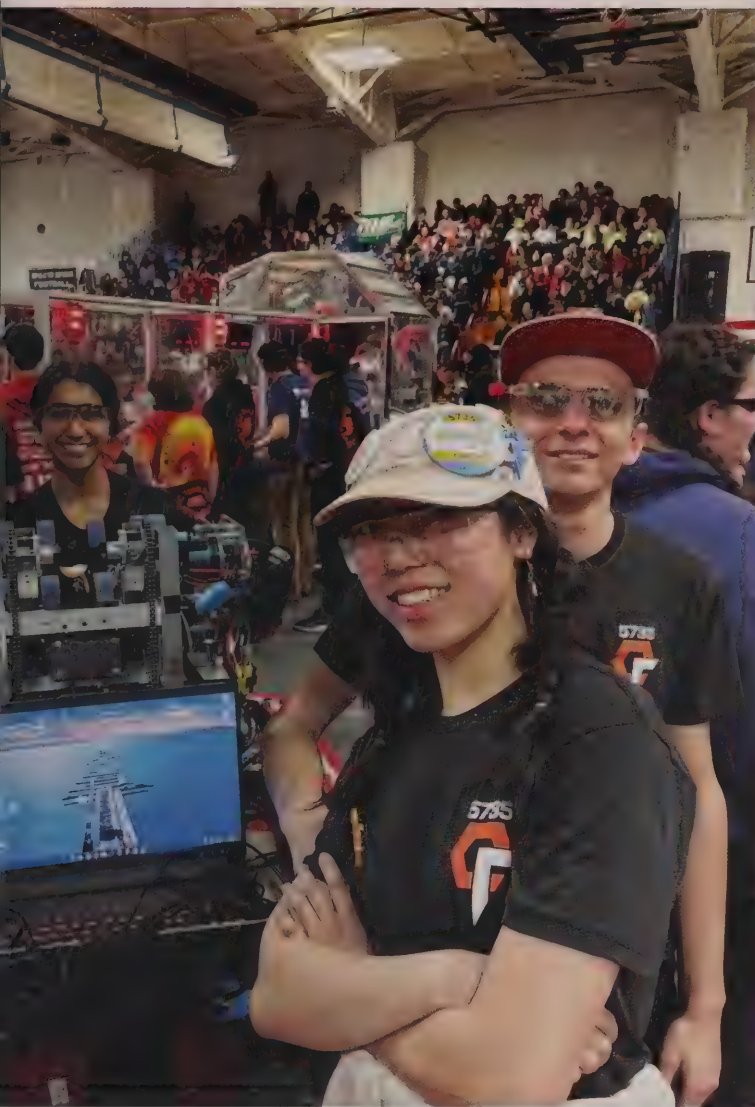

**SADD (STUDENTS AGAINST DESTRUCTIVE DECISIONS).** Students Against Destructive Decisions is a club dedicated to working for smart decisions around substances. This past school year the SADD leaders seniors **Margaret Melander**, **Giovanni Sebastianelli**, **Lily Mele**, **Lilly O'Driscoll**, **Abigail Raftery**, and **Michelle Prince** conducted many events throughout the 2022-2023 school year, and into the 2024 school year as well.

#### CONTROL FREAKS. (Top)

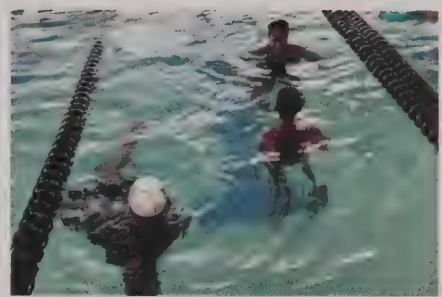

Zach Thoen '26, Simon Shadday '26, Arya Samaratunga '25, Charmaine Guo '24, and Matthew Stanizzi '24 pose with their robot at the state finals. Robots complete a required set of tasks that changes annually. This year the game is to shoot foam rings into 6 feet tall and 3 feet tall holes as well as hang on a chain in the last 20 seconds of the game. #### WATER WARRIORS.

"A lot of the younger METCO students in the middle school and the elementary schools don't have access to pools in Boston, so what Water Warriors does is provide an opportunity for a lot of these kids to get lessons so they have water safety skills," said club leader Zach Rainville '24. Water Warriors gathers over a series of 10 Wednesday sessions in the spring, with group leaders facing a bit more time and training. "A lot of these kids come in with absolutely no water experience, they don't even know how to float, and we help them develop skills so they can stay safe around water. I hope we get to a point where we're organized enough [to] help more people than last year and accept more people into the program next year," said Rainville.

#### ROCKETRY CLUB.

Rocketry Club is unique at WHS this year because it consists of one consistent member, Ford Catlin '24.

Catlin builds his rockets through repeated simulations, renovations, and finally launches on weekends. At Acton Fields, Catlin spends 4-5 hours with mentor Howard Greenblatt. "I love the launches more than anything, it really is thrilling to send the rocket into the air and see everything working as intended," said Catlin.

# A ONE-ACT WONDER

This March, The Wayland High School Theater Ensemble performed "The Everyday Adventures of Harriet Handleman (Super Genius)" in the Massachusetts Educational Theater Guild's (METG) High School Drama Festival, competing against 165 other schools in the state. The show was vibrant and action-packed, evoking nostalgia of childhood cartoon shows like "Dora the Explorer" and "Phineas and Ferb." The show went on to participate in the State Finals in Boston at John Hancock Hall, where cast members received several notable awards.

## COMPETITION SEASON!

### PRELIMS... SEMIS... FINALS!

This year, "The Everyday Adventures of Harriet Handleman (Super Genius)" was WHSTE's first show to advance to State Finals since 2019's "Pronoun." "It feels great to have the upperclassman make State Finals before they graduate. They've worked incredibly hard these 3+ years to get a Winter one-act all the way to Boston for the 3-day Drama Festival," said director **Aidan O'Hara**. In addition to WHSTE reaching State Finals, **Lula Dunkelberg '25** was awarded 2nd place for Excellence in Technical Theater for Stage Management and **Benjamin Mohnkern '24** was awarded an honorable mention for the Dough Ingalls Monologue Contest, both from METG's contest day.

**WHAT'S OVER THERE?** METG Festival provides an opportunity for students to meet students from local high schools who share a love of theater, and this year was no different. "It is really cool to meet everyone and see their shows," said **Wyeth Heilman '27**, who plays Myron. (Above) Heilman, alongside **Annabelle Roberts '25** and **Luisa Comettant '24**, explore the Amazon Rainforest as Agnes, Hugo, and Myron.

(Photo by: Sasha Libenzon '25)

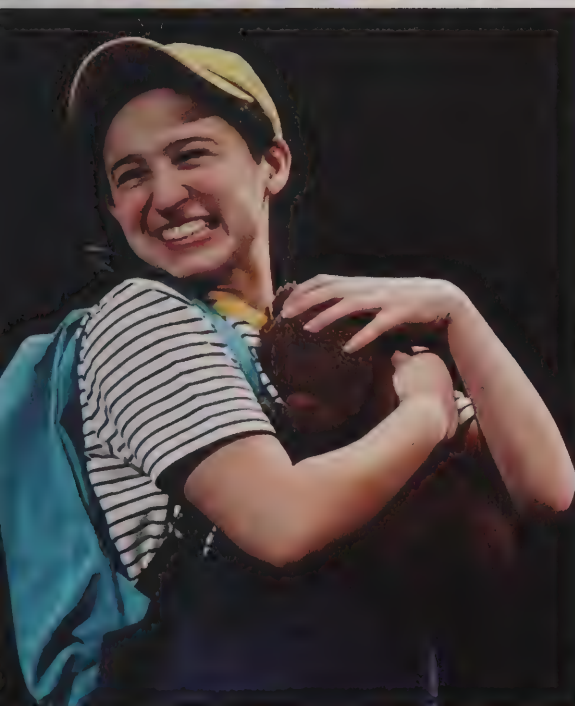

**WE'RE ALL IN THIS TOGETHER!** During the One Act, the entire cast worked together as a company to pull off an extremely technically complex show. One complicated feature of the show was the Invention Ensemble, which embodied all of Harriet's wacky inventions with energy and physicality. "Though there was a lot of work and a lot of memorizing, we were all just having fun in the end," remembered **Rose Jacquinet '25**, one of the ensemble's members.

**MEMORY LANE** This year's One-Act played heavily on childhood nostalgia and memories, from the colorful set to the expressive and vibrant characters and costumes. "I really got to feel like a little kid again and be super expressive in my acting, which I've never been able to do before," said **Isabella Fuentes '25** who played Harriet Handleman.

(Photo by: Sasha Libenzon '25)

**COMMUNITY BUILDER** The Winter One-Act lasted nearly five months, which created a tighter community and company. "My favorite aspect of Harriet Handleman [was] making good friendships and relationships with some of my close cast mates," said **Luisa Comettant '24** (pictured above left) who played Hugo Handleman. ## THE GRADUATING CLASS OF 2024.

Senior class President **Andrew Medeiros** and Vice President **Selena Liu** address the senior class, speaking on memories, legacy, and what it means to be a Wayland Warrior.

### Dear Class of 2024,

We are incredibly grateful for this opportunity to express our gratitude here, in this year's yearbook. First, we would like to extend our genuine appreciation for our class advisors, Mr. Krasnoo and Mrs. Lee, for all they've done to support us in the past four years. We truly cherish all of the time you have dedicated – from coming early and staying after school and showing up on weekends to help us run fundraisers, making phone calls, and helping us plan class events and clean ups. Thank you for constantly encouraging us and helping us move through both success and failure. You have helped our class accomplish our goals and ambitions to create an incredibly memorable high school experience for all of us. We cannot adequately express our appreciation in words for your patience and diligence with which you have guided us. Additionally, we want to thank our building administrators – Dr. Mizoguchi, Ms. Cole, Mr. Gass, and Mr. Bonfiglio – for also assisting us in everything we've done during the past four years. Your kindness and care cannot be understated. To all those who've been a part of our Class Executive Board at any point during the past four years, we'd also like to sincerely thank you for all of your dedication and hard work. Without you, everything would have simply ended as ideas, never to be carried out. Serving the Class of 2024 has been our utmost privilege for the past few years. We proudly look back at all of the work we've done and the things we've accomplished; and we know we will never forget this experience.

Our fellow seniors, we wish you the best of luck no matter what path you elect to embark on next. Thank you for creating lifelong memories with us that we will cherish forever. We will miss seeing everyone every day at school. New beginnings are always scary, but we've faced so many obstacles and have overcome every single one of them together. We have no doubt that every single one of you has the ability to persevere through any future hurdles. Always know that there are people who care about you and will support you back home – here in your hometown of Wayland, Massachusetts. This is not a goodbye, but merely a see you later!

Sincerely,

**Andrew Medeiros '24 & Selena Liu '24**

## KIARRA SHOUDER

### What is it like being a Boston resident at Wayland High school?

"When attending Wayland High as a Boston resident student, there are many challenges and changes that you must deal with. One big change of going to WHS is the community. Attending an all white school is way different from attending a predominantly black school. Being a minority makes me feel as if I have to show 'more class' or not act too 'ghetto,' because if I don't, people will think I'm obnoxious, aggressive or loud. I also think time management and having a solid schedule is important. Already, we Boston residents start our day off at 5am and not 7am like most Wayland kids. We have to take an hour bus ride to school, and the afternoon can be even worse, especially if playing a sport. Participating in a sport extends our day by a lot. Either you take the late bus home after practice at 6:30pm and not get home until 7:30pm. But if you have practice at a later time, a parent has to pick you up because there is only one late bus. On top of that, that leaves us with no time to do our school work. Staying up until 12am isn't an option to only get 5 hours of sleep, putting us in a place of taking every little bit of our free time during our school day to do school work. Many Wayland teachers and students don't realize how much of a grind it is everyday."

### What is it like being a student athlete at Wayland High school?

"Being a student athlete at WHS can be both easy and hard. The discipline and dedication it takes is very high. As a student athlete you have to make sure that your attendance and grades are either average or above. You can't participate in a sport if you fail or skip classes. Failing and skipping class isn't putting time and effort, the same two things you need for doing a sport. On top of that, Wayland is very big when it comes to sports. They take it very seriously and don't fool around, which is understandable. Practices are everyday right after school and on the weekends they can be early in the morning. Coaches like to focus on skill, techniques and room for improvement. I love being a student athlete at WHS, not just for gaining new skills, but feeling more connected to the school and building new relationships. The experience of doing a sport at Wayland is worth it, and I wouldn't give it up for the world. Wayland pushes you to be someone you would have never thought you could be."

### As a swimmer, how do you prepare yourself for meets?

"My day for big meets starts off pretty early. When I wake up I want to make sure I have everything I need in my bag, and have a small healthy breakfast. Next, is when I get to school. As a swimmer eating the right food plays a big role, especially when it comes to swimming meets. During lunch, I usually eat a salad or a basic sandwich, and drink tons of water. Getting to the meet is where most people could get anxious, and I especially do. What helps me bring my anxiety down is to listen to music or do a little dance session with Cara [Hill]. Another way I bring my anxiety down is by doing a couple deep breaths. Before I get into the water I usually like to have one protein bar to give me some more energy. Then our team cheers. Doing the team cheer is one of my favorite parts about big swim meets. It lets me know that I'm not the only one who is nervous about our big meets and how we have each other's shoulders to lean on. Finally, when it comes down to the races I like to make sure that I'm focused and locked in so that I can perform my best."

### Why and when did you start posting on TikTok?

"I started posting on TikTok in 2021 just on a small account that I wasn't aware was public. I then posted a haul of groceries and it went semi viral. Later my account gained a lot of traction and people enjoyed seeing me post on social media so I continued!"

### How did you become an Influencer?

"I became an influencer after my account started gaining followers more quickly. I started to take it more seriously when brands started to comment on my posts or email me asking to collaborate! Now, I love posting videos for my followers!"

### Is it hard to balance school and social media?

"I would say it can feel stressful, however with good time management it's definitely doable. Also the kind of content I create is lifestyle content, so I essentially just record my life and answer emails. It's similar to any other part time job!"

and her horse Harper

### What do you love about horses?

"I love their ability to understand human emotions and connect with people on a certain level in a way that I think you can't find anywhere else. I've worked at many barns where people come in with disabilities and seeing how they can connect with a certain horse and find comfort and confidence around them is really one of my favorite things."

### Has taking care of your horse made it hard to balance schoolwork?

"It can be, but I usually find a way to balance it. In eighth grade, I worked every day at the barn from 4-6 to help cover the cost of Harper (as it was the deal with me and my parents for me to help out with her in order to keep her) and that was tricky because I would work, ride, and then get home around 8, so I had very little time to hangout with friends, but I always found a way to keep up in school. In high school, it hasn't been super hard because I work on the weekends instead of the weekdays."

### What is your favorite barn activity?

"My favorite barn activity is spending time with Harper or my friends at the barn."

## MARGARET AGYEMAN

### What was it like auditioning for All-States?

"I think that nerves can kind of be a good thing, because throughout my whole process—auditioning for Districts and then All-State— it was always a matter of: 'How can I train myself to get better at auditions?' To train myself to not let [the results] faze me as much. A lot of what was a part of the audition was not the five minutes I spent singing in front of the judges, but all of the preparation leading up to it. [With] things like sight-reading, a lot of the preparation was done in chorus class. I would practice sight reading with [the whole

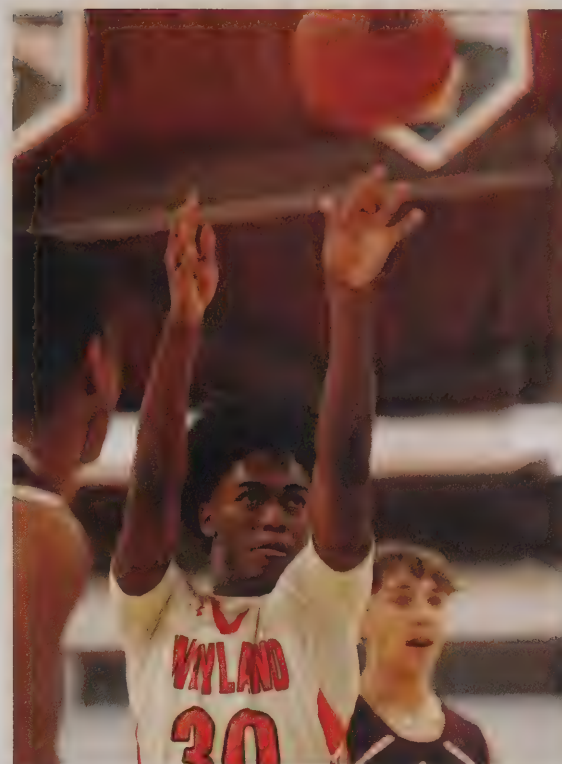

class], independently, [or] at home. I also didn't want to use up my voice too much, so I listened to the pieces nonstop. I think that was a really good 'method,' because my teacher (Ms. Carroll) had told me that by listening it's a way to practice and familiarize yourself with the piece without overusing your voice."

### How do you keep track of time?

"For me, doing WHSTE, chorus, and Districts [has] never been something that has felt like too much; I do think that I have to really balance my time. The biggest thing that I have to do, because of how much vocal work I do, over all three of these activities, is to rest my voice.

Outside of my voice, I have to make sure I don't get to a place where I'm feeling burnt out or overwhelmed with everything. Typically one of my favorite things to do, whether it's an assignment or an [event] coming up, is just to look at how much time I have and what I need to do, and then try to plan when I'm going to do what. That way I can maximize my time and make sure I'm not overworking myself. So, if I have a project due in a few days that would take a few hours, I'd try to plan out how much time I'm going to spend each day on it, and make that as reasonable as possible."

## JOSHUA LEWIS-GUY

### When did you start playing basketball and how has that helped you get to where you are today?

"I've been playing basketball since I was 4 years old and it's definitely helped me build relationships that I can count on."

### What is your favorite part about playing basketball? Who/what is your motivation?

"I'd say my favorite part about playing basketball is the travel for AAU. I get to play in good competitions all over the country. My main motivators would be my mom and older brother. I just want to make them proud and get them in a better situation than they're in right now."

### How does it feel being the only freshman on the boys varsity basketball team?

"I can't really put a feeling towards it because this has been something I've been working hard to achieve for a long time, but if I had to put a feeling it would definitely be good because it just shows how hard I worked for it."

**JESSICA IMBORNONE**,  
 By: **Sofia DiCarlo '26**

"I believe that Mrs. Imbornone was by far one of the most supportive teachers I had during my freshman year. She always teaches with passion and encouragement, making [others] want to learn. The impact that she has on her students will carry on with them

for the rest of high school. The learning environment that she provides for her students is extremely uplifting and welcoming."

**ERIN LEHMANN**, By: **Charlie Lieb '24**

"Ms. Lehmann was described as a 'ray of sunshine' by an upperclassmen before I had her as a teacher, and I can't think of a more appropriate description of her classroom presence. She also has a very obvious passion for teaching; while it may just be an hour for me most school days, it is her 'reason for being born,' so I always find myself looking forward to my class with her."

# SENSATIONAL SPOTLIGHT: INSPIRATIONAL EDUCATORS

Wayland High School could not operate 24/7 without the hard work and dedication of our sensational staff. Students voted and were prompted to share about a staff member who inspires them and the WHS community. Read their reflections on pages 160-165.

## TIM BRYANT, By: Beau Coppola '25

"Mr. Bryant deserves so much credit for taking care of everyone in the school and generally being so caring when someone is in need. I have had many visits to the nurse's office within the last two school years, and he has always done his best to make me feel better or feel comfortable while I've been in pain. He always gives 100% effort to make us feel better. His efforts are generally so inspiring to me, as I strive to be as selfless and caring in my everyday life as he has been for me."

## KAYLA THORNQUIST, By: Molly Cavalluzzi '27

"Ms. Thornquist is inspiring to me because she is always there when someone needs help. Whatever the circumstance, she looks for the positive. I repeatedly see her helping kids with their school work when they are struggling with it."

Her room is always open and feels like a safe space in a school where everyone is always competing to see who got a higher grade in a class. Ms. Thornquist is always very respectful of how people are feeling but will push you to do your best so you can succeed in school."

## MOLLY KOOSHAN,

By: Hedaia Elelimy '24

"When I am in class I feel the effort that Ms. Kooshan puts into every class. She takes time with each of the steps to make sure that we all are fully grasping the material. She is always coming up with new ideas to make review days fun and always has a smile on her face. Her high energy transfers to us students and makes math class much more engaging. I have never felt more confident in math class than I do this year in her class. Most importantly, if a problem arises, she takes feedback from us students and actively works on things with us to make sure that we are all doing our very best."

## LEE KRASNOO,

By: Cole Chase '25

"One thing that everyone should admire about 'Coach Kraz' is his simplicity. It seems that no matter how the times change, he continues to be himself. Much like the language he teaches, Mr. Krasnoo has an Old-School personality that's been the same since the very first day I

met him. With a flip-phone in hand and a smile that always brightens your day, Coach Kraz should inspire us all to be a little more like ourselves."

## SENSATIONAL SPOTLIGHT: XANDE SANTOS & ALEXANDER CRAWFORD

"Xande Santos '24 and Alexander Crawford '25 have spent hours on the soccer field, balancing their school work and practice schedules within the limited hours of the day. Now, their dedication has been rewarded with spots on Major League Soccer (MLS) NEXT. This year, Santos is playing for the MLS NEXT New England Football Club (NEFC) and Crawford is playing for the MLS NEXT Intercontinental Football Academy (IFA). Considering Santos and Crawford are both looking to continue playing soccer into college, MLS NEXT was a chance to make their dreams become a reality. 'I decided to join MLS NEXT because it was a way to get me into better colleges,' senior Xande Santos said. 'I could improve my soccer, as well as step [my career] up to another level.' One benefit the two have noticed is not only the higher status and competition of their new team, but also the exposure they get from professional coaches. The new league has provided resources for further opportunities in progressing their soccer skills."

## SENSATIONAL SPOTLIGHT: LIEPA (LULU) KAZLAS '24 COMMITS TO RUTGERS UNIVERSITY FOR ROWING

"Many students participating in sports look towards opportunities in college recruitment throughout their high school career. For Kazlas, the possibility of being recruited started becoming apparent during the end of her sophomore year. Rutgers University, located in New Brunswick, New Jersey, was one of the schools Kazlas was considering. As an NCAA Division I varsity sports team, the public university competes in the Big Ten Conference, one of the preeminent collegiate athletic conferences. 'I got the recruitment offer during my visit, and after we said thank you for everything, my mom and I went to the car and we cried,' said Kazlas. 'We just knew that it was right, both of us could see myself there and thriving with his coaching. He was the coach who turned the team around, too. Before him, the team wasn't placing well, wasn't going to the NCAA's and wasn't one of the top 20 rowing teams.' Kazlas is looking to further her rowing career beyond her time at Rutgers. Being Lithuanian, she feels the sport can connect her back to her roots. She hopes that college will help her try out for the U23 National Team for Lithuania after she gets her dual citizenship. 'I definitely see myself pushing the limits and seeing what I can do when I get on the team,' said Kazlas. '[Pushing myself] is something I already do now with things like waking up early or staying up late and doing extra workouts. I'm always telling myself 'I'm here, so let's be great while I'm here.'"

## SENSATIONAL SPOTLIGHT: CAITLIN HEUS-SMITH

"[Caitlin Heus-Smith '24] holds three WHS records including the indoor long jump, outdoor long jump and outdoor triple jump. Even with the records she currently holds, Heus-Smith has even bigger dreams. 'I want to progress more in the long jump and consistently get 17 foot jumps,' Heus-Smith said. '[I also want to] progress in triple jump, and [achieve] the 200 meter outside record.' On top of her high school records, Heus-Smith has also gone to the Meet of Champions, a state competition for the best track and field athletes in their respective events. 'Last year, [during the] outdoor track [season], I made it to the Meet of Champions in two events, long jump and triple jump,' Heus-Smith said. 'Long jump was something that I was really proud of because I jumped 17 feet, four inches and I had never jumped 17 feet before and that was a big thing for me.' Her abilities also led her to qualify for the Junior Olympics, where she then qualified for regionals in Craryville, New York. 'I [competed in] the triple [jump] and won that event,' Heus-Smith said. 'I could've gone to the national [competition], but I didn't want to because my jump wasn't good enough to win [at the national level].' To avoid a stalemate in her progression, she is also on a running club team outside of WHS called Waltham Track Club. The club provides a different kind of training that enhances her running abilities. Heus-Smith's achievements and commitment to track has brought up the question of if she wants to run at a collegiate level. 'I would like to run in college,' Heus-Smith said. 'I guess we'll have to see how good I can actually get.'"

## SENSATIONAL SPOTLIGHT: REVA DATAR

**Reva Datar '25** began wrestling at WHS as the sole female athlete on the team this winter season. Reva comes from a Brazilian jiu jitsu background, having practiced the sport for nearly nine years. With encouragement from teammates at her dojo, Reva tried out for the Wayland wrestling team. "I actually wanted to join the team last year but I was training for my black belt in BJJ and was unable to fit it into my schedule. This year, some of my friends knew I wanted to try wrestling and encouraged me to join the team. [I liked the fact that] wrestling is considered a strong sport, which challenges me physically. Being healthy has always been very important to me, seeing a close family member struggle with a sickness they can't control, has made me want to be strong for myself and my family," said Datar. In addition to staying healthy as an example for her family, Reva strives to set an example for female athletes in the community. "I realized that you cannot sit around waiting for others, you just have to go for it! Hopefully other girls will be interested in joining in the future because it is really great. While I may not be as strong physically as some of the guys on the team, it doesn't bother me because they are all really supportive. At the end of the day, we are all trying to stay focused, get stronger and better at wrestling."

"You get out of wrestling what you put into it, it forces you to be honest with yourself about where you are with your health, your technique, and your focus. Personally, I don't think there are a lot of activities that do the same thing for you."

## SENSATIONAL SPOTLIGHT: AMY MCCORMACK '24

## STATES SMILES.

Captain, McCormack poses with her medal after the 2024 MIAA Nordic Skiing State Championship.

Nordic Ski captain Amy McCormack started cross country skiing her freshman year when she joined the team. After not placing as high as she wanted to her first year, she began working on her ski form more and more. "I improved a lot just by slowing down and working on the technique," McCormack said. Her junior season was when all of the hard work started paying off – she ended up with a tenth place finish in the overall Mass Bay West league standing and then skied to 18th place at the MIAA Nordic Skiing State Championship. Following this success, McCormack joined a club team, Freedom Trail Nordic, in the spring of her junior year. McCormack trained all summer, spending countless hours strength training, running and roller skiing. Her senior season was the icing to the cake of her skiing success story: fourth in the Mass Bay West league and ninth at states.

"I love everything about Nordic Skiing. I love being outside, skiing and going fast," McCormack said. "The team is really great as well."

## SENSATIONAL SPOTLIGHT: TILLY MYLES '25

Since she was five years old, junior Tilly Myles has played hockey. During her 12 years on the ice, Myles has specialized her role. She has now been a goalkeeper for five years. Myles plays for two teams: Wayland's girls' joint hockey team with Weston and a club team. "I play for Assabet Valley Girls Hockey," said Myles. On her club team, Myles is not alone in her role as goalie. Assabet Valley has a second goaltender in addition to Myles. However, on the Wayland and Weston team Myles, as the only goalie, has to balance all the responsibility. "Last year, there were two of us," Myles said. "And in my Freshman year, there were three of us." Myles admits that it is a large change to be the only goalie on her team for the first time. At the same time, she says she understands that there are benefits to the greater responsibilities. "It's a lot more pressure but it's also a lot more practice," said Myles. Being the only goalie is not the only change Myles faced during Wayland's most recent hockey season. After a somewhat difficult 2022-23 season, the team switched from division one to division two for its 2023-24 season. Because of this, Myles has seen improvement in her team's performance as well as her own time on the ice, where she protects her team's net from shots taken by some of the best players in their new division. "[The season was] pretty good," Myles said. "Better than last year, but we still didn't make it to playoffs. We were eight, eleven, and one, I think, but last year we were three and fourteen, so definitely an improvement."

# SENSATIONAL STAFF

Dedicated, creative, and tirelessly committed, our yearbook staff stands as the backbone to capturing the memories that have defined our school year. We shine a spotlight on the talented individuals who have worked on this year's book.

Dear Wayland High School,

We hope you love our yearbook! We approached the book differently this year, with more journalistic elements. We also made sure that all of our spreads matched our "Sensational 24/7" theme that connected to the Class of 2024's class word and year of graduation. The book is also in chronological order based on the seasons. Furthermore, we focused on covering our school equally. We would like to give a big thank you to our advisors, Mrs. Amy O'Connell and Ms. Jennifer McGillis, for helping us create this book! We would also like to shout out WSPN for providing us with lots of content.

Best,

Co-Editors-In-Chief **Alexandra (Sasha) Libenzon '25** and **Heather Lui '24**

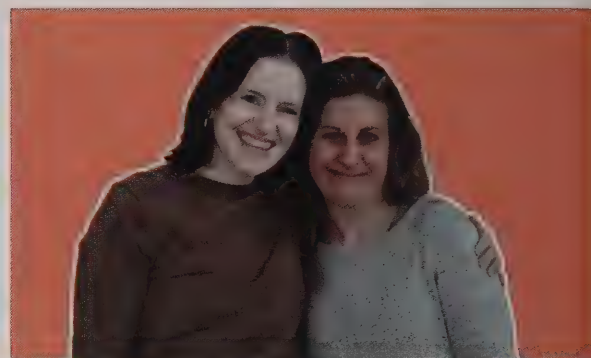

**EDITORS.** Junior editors **Cate Ellenbogen '25** and **Finley Knapp '25**, reporting editor **Talia Macchi '24**, co-editor-in-chief **Sasha Libenzon '25**, layout editor **Anika Frutman '24** and co-editor-in-chief **Heather Lui '24**.

**DISCLAIMER:** The Reflector is a student-made publication of Wayland High School. The publication is produced entirely by students (henceforth known as "Staff") under the supervision of two Staff Advisors in a club learning environment. Pictures, interviews, quotes, and statistical data were gathered by the Staff and submitted by the Wayland High School community over the course of the 2023-24 school year before, during, and after school hours. Every effort is made to ensure the Reflector is holistic, objective, and accurate. Although the publication is thoroughly proofread and edited, we sincerely apologize for any omissions, misspellings, misattributes or other mistakes that occurred during this educational editorial process.

Sincerely, the Reflector Staff 2024.

**ADVISORS.** Mrs. Amy O'Connell (Visual Arts) and Ms. Jennifer McGillis (Library) helped oversee the production of this year's book. This is their first year as co-advisors.

## Let's Hear From Our Staff...

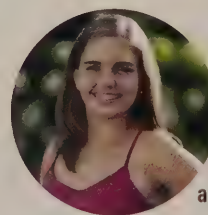

"Being on the yearbook team has been so awesome. It's taught me so much, like how to talk to people I don't really know, or how to make cool designs on the computer. My favorite part about the yearbook club would be how it's like a community. Everybody's there to help each other out, especially the new-comers like me. The Dunkin' munchkins are a sweet bonus!"

- **RUFAT HASANOV '26**, Layout

"My favorite story I covered this year was the Sensational Spotlight for the sophomore grade because it gave not just me, but hopefully others the opportunity to learn more about a student's interests."

- **SOFIA CICIARELLI '26**, Reporting

"My favorite event that I covered is a tie between Spongebob and the Winter One Act. It was so much fun to be in charge of covering WHSTE, which is a major part of my life, and ensuring that it was accurately and fully covered in the yearbook."

- **ELLIE BROGAN '24**, Reporting

# 4 We asked Our Editors...

## WHAT IS YOUR FAVORITE SPREAD IN THE BOOK AND WHY?

"My favorite spread is 'Troy Tale: Greek Myth as it reads a series of nostalgia' and is interesting."

**TALIA MACCHI '24, Reporting Editor**

"My favorite spread is 'Senior Supplication' because it's a tradition we do every year and makes planning what will be taken forward very fun."

**HEATHER LUI '24, Co-Editor-in-Chief**

"My favorite is 'Education on Film' because it has a lot of fun photos. I was enjoyed making the 'Sweet 16ers' one."

**SASHA LIBENZON '25, Co-Editor-in-Chief**

"My favorite is 'College Community' because I had fun making it and using different editing tools to make it look cool."

**ANIKA PRUTMAN '24, Layout Editor**

"I love working on yearbook staff because we are able to design the book to be however we want, and we help people keep their favorite high school memories forever. Yearbook is such a great club to be a part of because we create something really special that reaches the entire school."

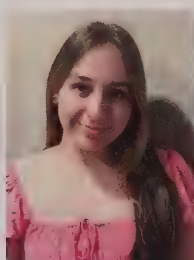

**FINLEY KNAPP**  
JUNIOR EDITOR

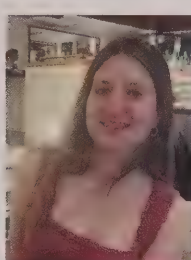

**CATE ELLENBOGEN**  
JUNIOR EDITOR

"My favorite part about being on yearbook is getting to put together a book that represents all the best parts of Wayland High School. The whole yearbook staff is so fun to work with and being on yearbook allows you to experience new things and events that you might not normally go to."

**AUBREY CALABRO**  
PHOTOGRAPHY

"My favorite part of being on the yearbook staff was being able to get so many opportunities to take pictures at school events, and also work on the format of some spreads. The book looks so good this year and there were so many people contributing."

"My favorite spread to work on was the class of 2024 prom page because it was really fun getting to reminisce my prom and see all of the pictures again."

**MARISSA MENDOZA**  
PHOTOGRAPHY

"My favorite spread is the Senior Sibling spread because I know many of the siblings but some I didn't know. It is very funny to see everybody's expressions and how similar they look to each other."

**ORI KOHL**

"To my fearless co-adviser - It has been an absolutely incredible four years getting to run the show with you. Amidst the chaos, you taught me to see the humor in all situations and how truly amazing the Wayland community can be. I am a better teacher and a better person because of you, Kraz. I truly am going to miss hearing your voice bursting into the history office with an update for me. Don't forget the door is always open, and I'll see you at the Rome cuz!"

- **SARAH LEE**, Social Studies

"Lee, I have worked with you for my whole career and I can't imagine this place without you! I can honestly say you are the kindest person I know. You have made an impact on so many people and you will continue to do so after you leave WHS. I will miss hearing you crack the same joke every day, but now I can go back to being nice! (If you are a language teacher, you'll get it...) Wishing you many adventures and more relaxation. I still can't even believe it."

- **SARA LANGELIER**, French

"I have worked with Lee for my entire teaching career. He represents the best of us, extremely intelligent, kind and selfless. Lee gives 100 percent to this job and I have watched him work tirelessly for more than two decades here at Wayland. Lee has been an incredible colleague and friend. Wayland High will not shine as brightly next year without him. Thank you, Lee Krasnoo, for your dedication to our department, this school and your students."

- **JESSICA SKEHAN**, Spanish

"When Lee enters the room, his positive energy fills the space. Lee is the ultimate 'people person' - he genuinely cares about students, colleagues, campers, athletes, and really anyone lucky enough to meet him. His impact on the town of Wayland is immeasurable, but I will measure his absence from the language office in silly jokes, fake names, references to Daktronics, and a million smiles." - **ALAINA GHETTI**, Spanish

"Lee has known my family for years. He knew my father from town and from Temple, worked with both of my nephews at camp and was there for both of my daughters throughout their years at the high school. Lee is ingrained in the town, in the school and in so many aspects of my life that I am going to miss seeing him every day at work." - **MEGAN SMITH**, Spanish

"Things I owe Lee: Hundreds of breakfasts at Carl's diner, one trip to Spain, and unlimited thanks for 10 years of collegiality and acquaintanceship." - **NICOLE HAGHDoust**, Spanish

"Lee and I arrived at Wayland together 25 years ago. In that 25 years have been four principals, five superintendents, five department heads, three trips to Europe with students together, two campuses (camp?), 24 in-person National Latin Exams and one online National Latin Exam, plus innumerable students and colleagues. We may differ in our use of macrons or our terminology for the future passive participle / gerundive, but we grew together as teachers, colleagues, and friends. Lee's integrity and commitment are unimpeachable and I shudder to imagine how we will replace that. But your retirement is well earned. Enjoy. The bakeries of Massachusetts will be, I suspect, getting a slight bump in business now that you'll have more time on your hands."

- **ED DEHORATIUS**, Classics, English

"Kraz had the patience of a saint. He dealt with me, Jenkins, Rotker, Davies, and more just in the class of 2002. That alone should qualify him for hazard pay... Bottom line, Kraz is an institution because he genuinely cared about kids in an authentic way and invested in their development as young adults. I wish him a happy and fulfilling retirement. He had a huge impact on his students!"

- **BEN TORBERT**, Class of '02

# A FOND FAREWELL

**THE WHS COMMUNITY SAYS FAREWELL, BUT CERTAINLY 'SEE YOU LATER' TO A TRUE WAYLAND LEGEND, LEE KRASNOO**, as he closes out his final year at WHS. Krasnoo graduated from WHS in 1982, and has stayed true to his roots, teaching at WHS, and remaining a beloved wrestling coach for 25 years. Faculty, staff, and former student share their sentiments on his lasting impact.

"Lee Krasnoo's dedication to his students, our school, and the community is unmatched. A WHS graduate himself, 'Mr. Kras' has found countless ways to enrich the life of our school and to support our students. In addition to teaching Latin and Classics, he is a longtime class advisor and wrestling coach; he also advises the Senior Independent Project program and serves on the Wayland Scholarship Committee. One of his greatest gifts is forging lasting relationships with his students and their families. Everyone knows Mr. Krasnoo! He is in touch with many former students from years past and takes great joy in knowing their future paths beyond WHS. In the classroom, Mr. Krasnoo makes connections between the words and stories from long ago and the complex experiences in our world today. He teaches not just lessons about literature and poetry, but also lessons about leadership, contribution, and character. Mr. Krasnoo is a true institution in our community, and it's nearly impossible to imagine WHS without him zipping through the halls, chatting with students and colleagues, and leaning into every conversation! Thank you, Mr. Krasnoo, for your total devotion to WHS and the many ways you have made it a better place."

- **DR. ALLYSON MIZOGUCHI**, Principal

"Lee Krasnoo has been a gift to Wayland High School and the entire Wayland community for many years! Lee's journey in Wayland began as a student and then as a longtime educator. As a teacher and coach, Lee has dedicated himself to providing the best experience possible for his students and athletes. He finds ways to support his students in all aspects of their lives. Lee sees the good in all and does everything he can to guide his students through their high school experience and prepare them for the future. Lee is a talented teacher and skilled coach. Yet, I will remember Lee most for his kindness, genuine care for others, and tireless work ethic. Lee... thank you for being such an amazing mentor and friend to me!! Working at Wayland High with you has been inspiring and a lot of fun! With your retirement, I'm the only teacher left who still wears a tie! We will miss you but you will always be a beloved Wayland legend!! Good luck in your retirement and all of your future adventures!"

- **DENNIS DOHERTY**, Guidance

"Lee's retirement marks the end of an era for Wayland Public Schools. He was part of a generation of Wayland students that were molded by the legends of our district. Administrators like Dr. Z, and teachers like Frank Smith, are some of the educators that come to mind. Once Lee himself returned to the high school, he continued their mission. It became his calling. You can see it in his work everyday, whether it be in the classroom or on the wrestling mat. Like the greats before him, he has now made his own imprint on Wayland High School. Teachers like him are what make our district so remarkable. He'll be missed."

"Mr. Krasnoo, or Kraz as we affectionately called him, is a great educator and genuinely kind man whose impression on me in my high school years had lasting effects. As a Latin student, there was a cohort of us who had class with him for multiple years and so we all got to know him and each other really well. It was a tight knit group and Kraz held us to high learning standards while embracing the fun and joking that goes along with really connecting with a bunch of teenagers. He took a genuine interest in my success as a student and a young man, made efforts to learn about my life and family outside of school, and held me accountable when I made bad choices outside the classroom. After graduating and moving far away, he still took time to reach out to me annually, see how I was doing, ask about my family, and encourage me on my adult path. Now, as an educator, researcher, and education advocate of over 15 years, I can see how much Kraz's example impacted my own approach: my love of languages and their structure, my efforts to be an educator who builds caring relationships with students and their families inside and outside the classroom, and my commitment to the day-to-day labor of showing up and going the extra mile - whether that's for individual student success or better education policy across the state. Thank you Kraz for showing us how it's done! You will be missed, congratulations on a great career."

**WILL DAVIES, FOUNDER OF "THE ABLATIVE OF DAVIES,"** Class of '02

"Congratulations Lee on your retirement from teaching at WHS. WE all know that retirement does not actually mean you will no longer be teaching students, but that you will be teaching them in a different way, different environments, but always in your own dedicated way. You have been like an OLDER brother to me - ever since you returned home to teach & coach at the place we both love so much. You will always be known for your selfless commitment, dedication and love for each-and-every student that has been fortunate to be under your teachings in your Latin classes, or on the wrestling mat. I wish you nothing but the best in your retirement Lee, and I am happy to know you will never throw a pencil at me again. Love you brother."

"From my very first days here, whenever I asked a question, I was told by multiple people, ask **Lee [Krasnoo or 'Kraz']** he will know... and he always did! Because of this good advice, I was lucky enough to get to know Lee, and form a friendship with him! When he asked me to partner with him on the Senior Independent Project, I was happy to say yes, and have the opportunity to work closer with him as well as help students work towards creating a meaningful project. Watching Lee interact with students is a genuine pleasure, his kindness, dedication, compassion, and encouragement shines through in all he does. Lee - I would like to express my heartfelt gratitude for your guidance, your wisdom, and above all, your friendship. Your legacy will continue to inspire everyone at WHS for years to come, you will be missed my friend. I hope this next chapter of your life brings you much joy and many great adventures."

**- JENNIFER MCGILLIS, Library**

"Mr. Krasnoo - forever known in the Lash household as Kraz - is a one-of-a-kind teacher. My older brother Steve took Latin class with him, so by the time I entered Wayland High he was already a legend in my mind. I worked closely with Kraz because he was our class advisor. He really made the most of this title. He was always available for kids in my class who needed some advice, which he dished out alongside inside jokes and well-meaning jabs. For me and many others, Kraz made me feel more at home in high school and made the whole experience less intimidating and a bit more fun. We will miss you, Kraz!"

## Maddie

You've believed in your own path from the start, and we've been lucky to be along for the journey! With dedication and resilience, you have shined! We are so excited for your next chapter. Love you, kiddo!  
Mom and Dad

## Annie Long

Dear Annie,

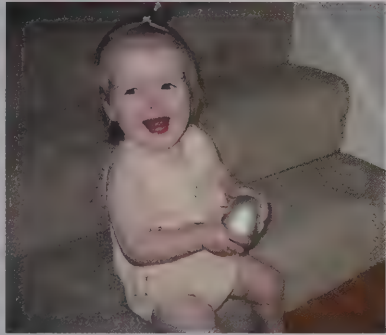

"Be strong and courageous. Do not be afraid; do not be discouraged, for the LORD your God will be with you wherever you go." (Joshua 1:9)

We love you!

Dad, mom, Qian, Michael and Charlie

## Aimee Smith

To our wonderful daughter/sister:  
You have grown into a brilliant, witty, compassionate, and driven young woman. You have a gift for words, vision for change, heart of gold, and mind of steel. You are our shining star, and we love you to the moon and back. Congratulations on your graduation!

## Zachary Rainville

We are incredibly proud of your accomplishments and so excited to see what your future holds!!

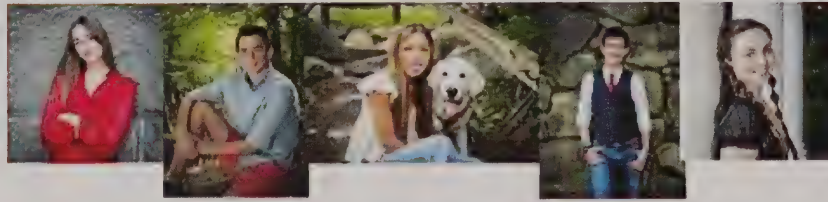

Thank you for the love, laughter and support you have given us. We know you will flourish wherever you go and whatever you do.

We love you with all of our hearts!  
Jackie, Max, Asher, Mom and Dad

Congratulations & Best Wishes Class of 2024!

# SEN24TIONAL

## 24/7

Well, we'd like to think this was a pretty good glimpse into the many **SENSATIONAL** ways we showed up this year. From back to school, to club fair, Halloween, concerts, performances, and competitions. Sports games that drew a crowd, and ignited some necessary school spirit. To the Class of 2024, you made it! Congratulations to everyone on the incredible achievements that made this year so memorable. We will undoubtedly look back on this school year and remember the ways we showed up.

# SPRING FORWARD

**SMOOTH SAILING.** Springtime means a fresh start-sunny weather, class events, and spring sports season. The WHS Sailing team gears up to rig and prep their boats in March. (Pictured) **Max Crowe '26** sails alongside fellow WHS teammate

**David Zukerman '26** during practice. "I sailed when I was little but stopped for a long time until now. My favorite thing is that its easy going. I do enjoy the spring weather and personally I like the conditions better because the water is not as cold," said Crowe.

## GET DUNKED.

(Above) Assistant principal **Laura Cole** gets submerged with water. Along with Cole, assistant principal **Sean Gass** also got dunked. "It was really fun to get plunged," Cole said. "I think student council this year has done a really good job of trying to bring the community together."

## FUN WITH MUSICAL CHAIRS.

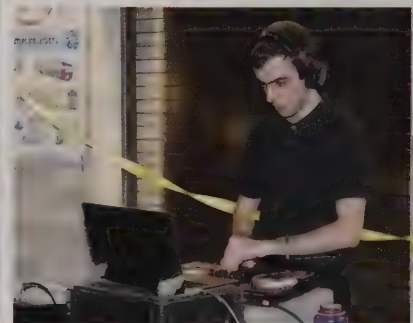

(Above) Sophomore **Nathan Hartunian '26** points and laughs at junior **Jaden Kaufman '25** after taking the last available spot. Thursday, April 11, the WHS student council hosted a field night in the field house. "We planned [field night] like a month or so before," said **Cordia Wang '27**. "It took a little while, but it was worth it." (Above left) Students **Anjali Tandon '24**, **Keira Savard '24**, and **Paul Lang '25** dance and sing during a musical chairs round. (Above middle) **Zach Rainville '24** and **Michael Keenan '25** are excited to be safe in their chairs.

## DURING THE WEEK OF APRIL 8-12 WHS STUDENTS

**PARTICIPATED IN "SPRING WEEK,"** which was organized by Student Council. There were psychs every day, such as dress like Adam Sandler, Tourist, Pink-out, Country, and Twin Day. Along with the psychs, there were several events that took place. On Monday, there was a Spring Orchestra Concert, on Wednesday there was a Students vs Staff volleyball game, and on Thursday there was a Field Night. There was also a scavenger hunt that ran the duration of the week.

**JUST CHILLIN'.** (Below) Juniors **John Moorer**, **Joel Cabral**, **Marisa Soto**, **Katelyn Chirayath** and **Sasha Libenzon** watch a March Madness game in the auditorium.

**PARTY TIME.** (Top) Senior Connect Students **Jahcari Williamson**, **Jack Calverley**, & **Thomas White** sell drinks to thirsty dancers. (Above) **Benjamin Dugan '24**'s DJ skills keep the crowd dancing. (Top left) Freshmen **Jamie Goodman** and **Trevor Rosser** enjoy the festivities at their first dance as WHS students. (Left) Seniors **Dion Pereira-Silva** and **Xande Santos** pause their dancing to pose for a photo.

# SPRING SPECTACULARS

"Looking back on my four years with Window, I realize that joining the team was the best decision I made at WHS. Window taught me so much and gave me forever friends."

- TALIA MACCHI '24

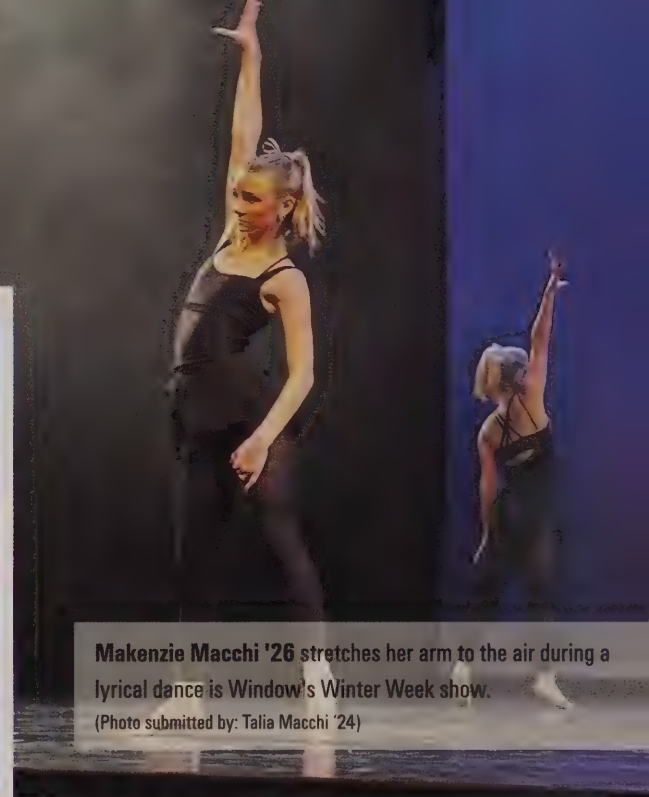

"Leaving Window is going to be so hard as I will greatly miss dancing with this amazing group and constantly laughing. Thank you for the best four years ever."

- ALYSSA YAFFE '24

"Window is space for me to hang out with some of the best girls and share the same passion for dance. I will miss dancing with such a great group, and preforming for our classmates."

- ISABELLE PEREDNA '24

(Photo submitted by: Talia Macchi '24)

**TIME TO DANCE.** The Window dance ensemble is entirely student-run and student-choreographed, and performs twice a year, once during Winter Week and once in the spring. This year, there were nine dancers on the winter team, and the theme of their winter performance was "Time to Dance." From songs about time, to the sound of a ticking clock, each of the eight dance numbers in the show incorporated the theme in some way. (Left) Window poses for a picture in their Winter Week sweatshirts on the day of their show. The front row consists of the team's dancers plus its manager **Madalyn Andler '24**. The back row consists of the "Windbros." The Windbros are a group of senior boys who help emcee the Window performances.

## WINDOW DANCE ENSEMBLE

**LOVE TO DANCE.** (Right) The team poses together during practice. (Below) **Talia Macchi '24** and **Makenzie Macchi '27** leap into the air in-sync. The ensemble's spring performances were held on May 30 and 31, and the theme of the show was "Love to Dance." The theme of the show mirrors the atmosphere of the team. Window prioritizes team bonding and supporting each other in and outside of school.

**BEST YEAR YET.** With aims to increase the size of the team for their spring season, the team directors accepted six new dancers. The 15 member spring team was comprised of two freshmen, four sophomores, four juniors and five seniors, which is the biggest the team has been since prior to the pandemic. "Window is so special because we find ways to grow as a team through productivity as well as fun," said **Elyssa Grillo '25**.

What are your pre-game rituals?

"During a normal day we warm up by throwing with a partner, then transition into some drills that work on more game type passing. Next we work on our plays that we will run during games. Finally we finish practice by doing scrimmages."

- **LIAM WONG '24**

**ULTIMATE FRISBEE.** One popular spring sport at WHS is Ultimate Frisbee. The club sport meets three times a week March - June, with practices including drills, practice plays, and scrimmages. The sport has a very close community around it. "Everyone on the team is super close because it is not a huge sport. And our opponents are super friendly, so there is a community around all of the players," said captain **Thomas Kiernan '24**.

# A FOND FAREWELL

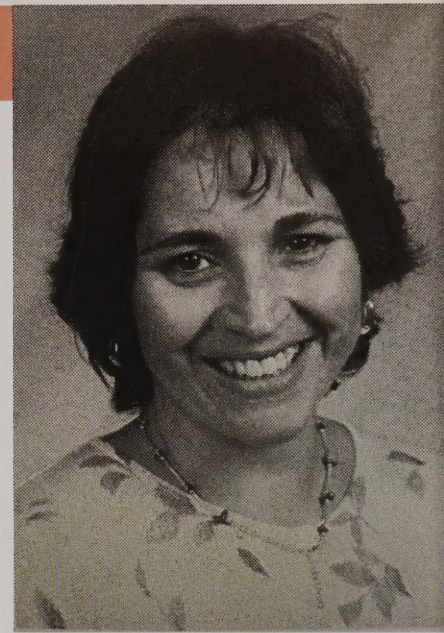

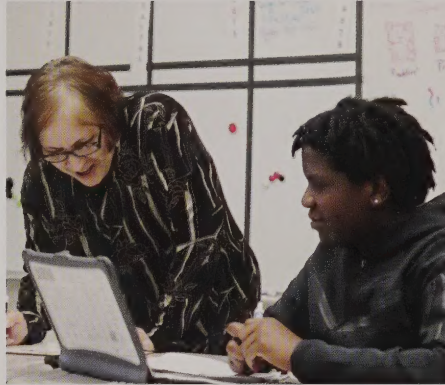

Wayland bids farewell to longtime special education instructor Linda Frank. Frank closes out her career of 23 years in the Special Ed Department.

"During her career at WHS, Linda Frank has quietly, determinedly supported hundreds of students in our Special Education program. Always messaging to them that she believes in them as learners and as individuals, Mrs. Frank is warm, persistent, and caring. She is often seen sitting side by side with a student, helping them tackle a paper or project, asking them questions about their learning and encouraging them through the process. Mrs. Frank has given many students the support they need in order to be successful. At WHS, she has also been a dedicated colleague and friend (and she has moonlighted in a variety of WHSTE performances!). We are grateful for her many years at WHS and wish Mrs. Frank all the best as she starts a new adventure in retirement!"

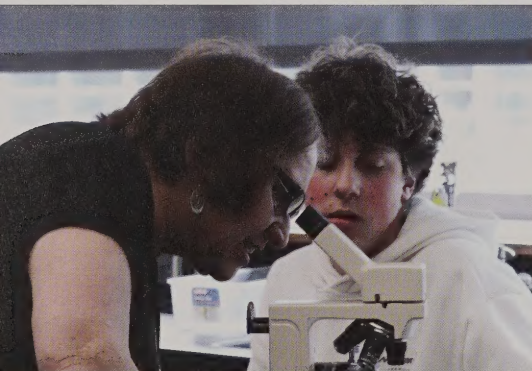

- **DR. ALLYSON MIZOGUCHI**, Principal

"Linda Frank has been a pleasure to work with in my time at Wayland High School! She puts our kids first in all things and is always available to help students with papers and projects. I can't imagine a better set of eyes to provide feedback on those college essays! She always brought a warm, calming, and humorous presence to our classroom. We have been extremely fortunate to have her here in Wayland. Linda - your retirement is deeply earned, but you will be extremely missed!"

Linda is a kind and caring person - having worked with her for too many years to count - she is always doggedly pursuing "X" in terms of math, and while it may escape her, her strength lies in her English, and acting pursuits. She can always find the "X" in terms of words and rhymes, and helps her students (and fellow colleagues) find the connections to the bigger picture as it pertains to life. She will be missed, and congratulations on graduating!

- **LYNDA LAREAU**, Special Education

"For everyone who had the pleasure of working with or learning from Mrs. Frank during the course of her twenty-three years, her unwavering support and kindness served as an inspiration. I am appreciative that I got to spend time in a classroom, laugh, and learn from one of the great educators. Mrs. Frank, you'll be missed. Thank you for everything."

**JOE REGONLINSKI**, Special Education

"Linda is one of our most avid supporters! No matter the production, Linda makes a point to attend each one and cheer us on. To have her on stage in 'Spongebob' was an extra special treat! It cemented what we already knew - she is a part of our WHSTE family, and we wish her nothing but the best. Break a leg! :)"

- **AIDAN O'HARA**, Drama

Dear Linda, You were such an important part of BASE and Pegasus for so many years, it's impossible to come up with a single defining moment in our programs. However, your drama work is a signature thread that will never be duplicated. Every summer, it amazed me that you would write and re-write scripts for your Performing Arts Specialty at Pegasus, based on the students who signed up. Similarly, you made sure that BASE students had the opportunity and skills to write their own stories and plays during the limited time you had them each week. The work and creativity that the students then shared with their peers through puppet shows, drama games, and improv stories was unique to every site at which you worked. The BASE and Pegasus experiences were better because of what you brought every day, Linda. The students, staff, and programs will remember your contributions for a very long time. Thank you - **PAT KEEFE**, Director Wayland School Community Programs
